President's Message

Ken Hamer

Reminders:

- *Our June club meeting is Sunday, June 6th, at Cactus Cantina in Riverside*
- *Sam Frisby will happily accept your 2021 club dues if you haven't already paid them*

TIME TO GET BACK TO SEMI-NORMAL

Sometimes it's difficult to find the inspiration for the main topic for this monthly message. This was one of those times so I took a look at the June issues of past newsletters to see what the usual June "President's Message" topics have been. Not surprisingly, they all seemed to have a couple of things in common: a short blurb about that year's recent annual "Mopars In May" car show and a listing of upcoming club activities.

As I'm writing this, our 2021 car show is just a couple of days away and the very last details are coming together, so there isn't anything to report on yet. The pre-registration totals for car show vehicle entries, vendors and swappers make it look like this may be one of our biggest shows ever. These numbers also indicate that everyone seems to be ready to bust loose and start getting back to some sense of "normal".

As far as upcoming club activities, the continuing COVID-19 restrictions severely put a crimp on long-term planning of monthly club activities. But the restrictions are lessening as the pandemic seems to be easing so perhaps we need to get back to planning for future monthly activities. Please give this some serious thought and bring your ideas and suggestions for future club activities to the June club meeting for discussion.

Something else that would be interesting would be to find how our non-SoCal club members are doing and what's been going on with them, how the car culture has been affected in their locales and what types of activities are re-opening in their parts of the world. We have club members in NorCal, Arizona, Maryland, Michigan, New York and Australia that we don't have the opportunity to hear from at monthly club meetings so, please, send in an email and give us some news about you, your cars and what activities are re-opening in your areas.

**MOPAR®
June Birthdays**

(From the latest roster)

*Happy Birthday to you,
Happy Birthday to you,
Happy Birthday to:*

Bits 'n Pieces: A Mopar Wins at an Open Show

Believe it or not there actually is car life "up the hill". I happened to make it to the High Desert Car Club Council Annual Car Show in May. There were 123 registered vehicles. As usual, there were all of three classic Mopars, all A-bodies. A '69 Charger drove through but didn't stay. There were three new Challengers. The council car clubs each made their trophies & selected the winners, but not from their own club. Surprise! The blown '66 Barracuda won. I had my usual luck with the raffle but then something unheard of happened. I won the 50/50. And then something else unusual happened, maybe due to the altitude or the heat, I donated it to the Rock the Paws Foundation. Their car show will be July 24th. Be there. Who knows what other unusual things may happen...

President's Message (cont)

Continued from Page 1

That's it for this month. Just a short message for now. I'm sure there will be a lot more for the July newsletter with a report and pictures from our 2021 "Mopars In May" charity-benefit car show.

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the membership //

Mopars in May Sneak Peek

1st Place awards were made by club member Lonnie Clabaugh with artistic support from his wife Robin. The winners were not disappointed.

Carl the DJ, aka Mr 8-Track, provided the tunes & announcements all day. Pat from Old Farts Racing Team (in the red shirt), supplied us with several canopies as well as water, weights, & support. Thanks to both.

Just a sampling of the show field.

Meeting Minutes - May

The May 2nd, 2021 meeting of Inland Mopars was held at the Carpenters Union campus in Ontario. Paul Roddy, our Sergeant-at-Arms, called the meeting to order at 10:00 AM. Paul led the Pledge of Allegiance.

Members present: Joe Bolin, Lonnie & Robin Clabaugh, Mike Counts, Sam Frisby, Jim Froelich, Joey Garcia, Jason Gibbons, Ken & Judy Hamer, Michael Harding, Bill Heckman, B.J. Hayden, Norma Johnston, Mike Keller, Paul Roddy, John Smithson, Leo & Barbara Tafoya, and Bill & Debbie Whitson.

Known Missing today: Dave Miller - racing at Irwindale; Bill Heckman - busy; John Smithson - working.

Visitors

Pat Osterman, Old Farts Racing Team; Carl "Mr. 8-Track's" of Juke Box Memories, DJ for Mopars in May & his side kick Carl.

Happy Birthday wishes to our club members with May birthdays: Pam Hubbard (Australia), Barbara Tafoya, Steve Boris (New York), Don Danley, Donna Hayden, Bob Wilson, & John Smithson.

Treasurer's Report - Sam gave the treasurer's report for May. We have 39 paid member families. Sam said that the Bank informed him that the Club account is actually showing him as the sole owner of the account and thought that more people should be on the account just in case someone else is required to access it. Prior co-signers Ed Brown passed away several years ago & Mike Bildt has not been a club member for years. He recommended that Ken Hamer and Mike Keller be added as legal co holders of the Club account. Members in attendance voted to approve the change to the club's account access. The three of them will get together with the bank to get the paperwork updated.

Club Social Media

- **Club Website** - Webmaster Joey Garcia provided updated information.
- **Facebook** - Mike Counts reported our club Facebook site has 558 likes.
- **Instagram** - Jason Gibbons shared we have 1032 likes.

Announcements/Prior Club Business or Activities

- Ken reported there are still a couple of club members who have not yet paid their 2021 club dues.
- Member Jim Froelich announced that he finally got his new Mopar. He bought a 1970 Dodge Challenger in San Diego from the second owner. First owner was a woman who purchased it new in 1970 when she was 65 years old and drove it into her nineties when she could no longer drive and parked it. It sat mostly until purchased by the second owner recently. Jim bought it from him. It is basically a survivor in very good condition. Expected door dings and such but in otherwise nice shape. It is 318 a/t car and is B-5 blue with a blue interior. Jim's future plans include upgrading to a 360 and a 4 speed.
- April 17 - No one attended the Champion Cooling Cars & Coffee in Lake Elsinore. *(Michael Harding had previously informed me that would be the last Champion Cooling Cars & Coffee event.)*
- April 17- Battan Death March Memorial event in Yermo. Mike Keller, Paul Roddy and Ken Hamer attended the club sponsored "Water Stop" & handed out club supplied bottled water and energy bars. We were the first stop in the event and had limited success handing out the supplies.

Meeting Minutes - May (cont)

Continued from Page 4

Announcements/Prior Club Business or Activities

- April 17- Battan Death March Memorial (cont) - Inland Mopar's purchased 5 cases of bottled water (only used 1) and 3 cases of energy bars (used 1). The remaining unopened items were brought home to use in the "Goody Bags" for our Mopar's in May event.
- April 17- Annual club "Un holiday Party". Because of scheduling uncertainties caused by the "Covid-19 Virus" restrictions, this year's party was held at the home of members David and Tanya Miller, who had volunteered their beautiful home. We were blessed with plenty of sunshine and cool weather.
 - The Millers had everything decorated and ready for the party.
 - This year's theme was "Mexican buffet" which Norma arranged to be catered by "California Cookout" from Upland.
 - The menu included a "Taco bar- Chipotle Shredded beef, citrus grilled chicken, tender chile pork Verde taco's & cheese enchiladas.
 - Sides included Mexican rice, Mexican beans, Cilantro Ceasar Salad, Chips & Salsa.
 - The club supplied the drinks; bottled water, lemonade and iced tea. Members supplied their preferred liquids if needed.
 - Norma supplied the cakes.
 - The food was plentiful and excellent tasting. Everyone seemed to enjoy themselves.
 - The gift exchange went well. Plenty of action, gift stealing and member participation.
 - A Happy Birthday was sung to member Paul Roddy. Not sure why. *(Because in 2020 the Unholiday party fell on Paul's birthday so this was really a Happy Belated Birthday.)*
- April 24 - 18th Annual Corn Feed Run in Chino. Members attending were Bill & Debbie Whitson, Bill Heckman, Joe Bolin & Tish Anderson. The Whitson's won a "Top 25 Excellence" award for their '64 Plymouth Fury. A YouTube video was posted including Joe Bolin cruising around in his Moulin Rouge '70 Barracuda.
- April 25- "Bates Nut Farm" car show in Valley Center, North San Diego County. Lonnie & Robin Clabaugh attended and won the "Sponsor's Choice" award for their highly modified '70 Cuda. Interestingly enough, the show is sponsored by a Chevrolet club.

Meeting Minutes - May (cont)

Continued from Page 5

Annual Club Activities/Business Status Reports/Upcoming Events

- Fort Irwin Class of 2021 Parade - .
 - Was May 29, now rescheduled for May 22, which is the same day as our Mopars in May show prep day. Mike Keller reported that 909 Camaro's would have 8 cars there.
- 20th Annual Mopars In May Car Show
 - Scheduled for Sunday, May 23rd; set-up day will be Saturday, May 22nd.
 - No longer at CSDR, now a standalone event to be held this year at the Southwest Carpenters Union Campus in Ontario.
 - Since they will be closed on Saturday there will be not be any security to leave anything set-up for the night.
 - The 42 online car pre-registrations received as of the April meeting now number 116 along with 37 mailed in pre-registrations as well.
 - 10 "hobbyist" swapper pre-registrations were received as of the April meeting. 19 Vendor/Swapper pre-registrations received on line.
 - Ken to give Sam a check for the on-line registrations, minus the PayPal fee.
 - Commercial Vendors COI info will be sent to SW Carpenters on Monday 5/03 - 5 or 6 so far/
 - Food Vendors-Tacos, Jerky, Carl's Hawaiian Shave Ice.
 - Special thanks to Dave Miller for arranging for the 6 Porta-potties furnished by United Sites Services at no cost to the club.
 - Sam Frisby- DJ Carl- 5:am through the end of the day, cost \$300. He will start one hour before the gate opens, announce the raffle results & 50-50 amount regularly throughout the day.
 - Special Staff T-shirts will be furnished to members who work the show. Show t-shirts were offered online for sale after the April meeting but got little/no response. Probably the shipping costs.
 - We will arrive at 5:00-5:30 am for set up. Flyer says gate open from 7:00-10:00 am and show is 8:00 am-3:30 pm. At past shows, cars began lining up at 6:00 am.
 - (B.J.) No overnight parking allowed per Carpenters Union. Both gates will be unlocked at 5:00 am.
 - We will use club-member owned awnings for shade & tables at the Opportunity Drawing area as well as tables for the gate, t-shirt sales, & toy drop off area. Please bring.
 - May 19 will be raffle prize sorting & goodie bag stuffing at the Brander's starting at 10:00 am.
 - Show shirts will be sold to show participants and attendees:
 - \$20 each for sizes up to and including XL
 - \$23 each for sizes 2XL and larger

Future Club Activities/Business Status Reports/Upcoming Events

- "A Flag For Every Hero", Riverside National Cemetery, May 29. No opening ceremonies this year due to COVID-19 restrictions. Flags will be placed on gravesites Saturday, May 29 and removed Tuesday, June 1. More info to follow as available.

Sherm Taylor Scholarship Endowment

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It is still listed in the Nuts & Bolts section of this newsletter. His sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, they started the fundraising a few weeks ago with an initial goal of \$12,000. The Chaffey College Car Club approved a \$4000 donation, and with all the funds that are currently committed, they should be at about \$19,000!!! So the new goal is \$24,000 (currently over \$26,000).

You can go on-line at <https://chaffey.kindful.com/?campaign=1118679> and make a donation or checks can be made out to the Chaffey College Foundation & mailed to the following address:

Chaffey College Foundation
5885 Haven Ave,
Rancho Cucamonga, CA 91737

Please note Sherm Taylor scholarship in the memo section.

OBITUARY

Sherm "Moose" Taylor

NOVEMBER 23, 1961 – MARCH 12, 2021

November 23, 1961 – March 12, 2021

"The day you stop racing, is the day you win the race." Sherm won his race and took his final victory lap surrounded, at home and in spirit, by loving family. He excelled at everything that matters in life: family, friends, kindness, encouragement and humor. He was the one you could always count on. And countless did.

Sherm was a natural-born "car whisperer." Engines purred for him that sputtered for others. He built championship racing engines and his own winning race cars (always #33). His passion was to share that knowledge with his auto tech students at Chaffey College, earning them national recognition from Skills USA and creating scholarship opportunities by giving life to the Chaffey Car Club. His school bar-b-ques are legendary.

He saw the underdogs, the overlooked, the people with need. And he shared his talents and resources generously. Sherm loved racing, the number 33, slot cars, cats and moose. We don't know why. But "Moose" became his nickname.

Sherm was born in Upland, a graduate of Chaffey College and a master of kindness and generosity. He was preceded in death by his parents, James and Winona Taylor, and sister, Shawna Taylor. Left to cherish his life are sisters Sherilyn Taylor Willis (Skip Willis), Sheila Taylor Corley and his niece and nephew, Jordan Corley and Forrest Corley, to whom he will always be Uncle Moose. Sherm will be missed by all who knew him and every cat that ever rubbed his leg. In lieu of flowers, the family requests donations be made to Chaffey College Car Club. Or adopt a cat and name it Moose.

Right in Our Own Backyard submitted by Ken Hamer

According to a report from The Daily Bulletin, the hard work of one depression-era volunteer firefighter from the now defunct Alta Loma Fire Department (ALFD) in Rancho Cucamonga, California, has been given new life by a group of retired firefighters from the same department.

After many years, the fire truck built nearly from scratch by ALFD member and mechanic Arthur Relph back in 1937 has been returned home to what has become the Rancho Cucamonga Fire Department (RCFD).

His creation, now 83 years old, arrived by trailer on November 23, 2020, at RCFD's headquarters. Still adorning "Alta Loma Fire Department" on its hood, the pumper was greeted by several former ALFD firefighters and current fire officials. After some refurbishing and a touch of paint, the pumper may become a centerpiece of a future fire museum in the city.

Relph did his handiwork during the dark days of the Great Depression after it became apparent the ALFD's current pumper was too small. The REO Speedwagon (not the rock band, but an actual vehicle built by the REO Motor Car Co.), could carry only about 60 gallons of water, a woefully small amount for extinguishing fires by today's standards.

According to a December 5, 1974, article in the Ontario Daily Report, ALFD volunteers, aware there was no money to purchase a larger pumper, turned to Relph, whose garage was close to the firehouse. Using parts from a 1937 Dodge truck, he assembled the pumper "from a chassis to match a picture the fire department had seen and liked." The finished truck carried a 200-gallon water tank and pump.

The pumper was still in use when the ALFD merged with the RCFD in 1974. Eventually, the truck was pulled from service and later acquired by Relph. Sammy Dominick Sr., a retired firefighter who helped organize the effort to bring the truck back to the RCFD, is looking for a secure location to store the pumper to allow the retired firefighters to work on getting the truck running again.

Engineers Take On Electric Cars

submitted by Jim Froelich

Just received this interesting email today:

An interesting perspective / read for those who think renewable energy concepts are without consequence and especially when air pollution has been reduced by 36% in the last ten years.

As an engineer I love the electric vehicle technology. However, I have been troubled for a long time by the fact that the electrical energy to keep the batteries charged has to come from the grid and that means more power generation and a huge increase in the distribution infrastructure. Whether generated from coal, gas, oil, wind or sun, installed generation capacity is limited.

IF ELECTRIC CARS DO NOT USE GASOLINE, THEY WILL NOT PARTICIPATE IN PAYING A GASOLINE TAX ON EVERY GALLON THAT IS SOLD FOR AUTOMOBILES, WHICH WAS ENACTED SOME YEARS AGO TO HELP TO MAINTAIN OUR ROADS AND BRIDGES. THEY WILL USE THE ROADS, BUT WILL NOT PAY FOR THEIR MAINTENANCE!

In case you were thinking of buying hybrid or an electric car:

Ever since the advent of electric cars, the REAL cost per mile of those things has never been discussed. All you ever heard was the mpg in terms of gasoline, with nary a mention of the cost of electricity to run it. This is the first article I've ever seen and tells the story pretty much as I expected it to.

Electricity has to be one of the least efficient ways to power things yet they're being shoved down our throats. Glad somebody finally put engineering and math to paper.

At a neighborhood BBQ I was talking to a neighbor, a BC Hydro Executive. I asked him how that renewable thing was doing. He laughed, then got serious.

If you really intend to adopt electric vehicles, he pointed out you had to face certain realities. For example, a home charging system for a Tesla requires 75 amp service. The average house is equipped with 100 amp service. On our small street (approximately 25 homes), the electrical infrastructure would be unable to carry more than three houses with a single Tesla each. For even half the homes to have electric vehicles, the system would be wildly over-loaded.

This is the elephant in the room with electric vehicles. Our residential infrastructure cannot bear the load so as our genius elected officials promote this nonsense, not only are we being urged to buy these things and replace our reliable, cheap generating systems with expensive, new windmills and solar cells, but we will also have to renovate our entire delivery system! This latter "investment" will not be revealed until we're so far down this dead end road that it will be presented with an 'OOPS..!' and a shrug.

If you want to argue with a green person over cars that are eco-friendly, just read the following. Note: If you ARE a green person, read it anyway. It's enlightening.

Eric test drove the Chevy Volt at the invitation of General Motors and he writes, "For four days in a row, the fully charged battery lasted only 25 miles before the Volt switched to the reserve gasoline engine". Eric calculated the car got 30 mpg including the 25 miles it ran on the battery. So, the range including the 9-gallon gas tank and the 16 kwh battery is approximately 270 miles.

It will take you 4.5 hours to drive 270 miles at 60 mph. Then add 10 hours to charge the battery and you have a total trip time of 14.5 hours. In a typical road trip your average speed (including charging Time) would be 20 mph. According to General Motors, the Volt battery holds 16 kwh of electricity. It takes a full 10 hours to charge a drained battery. The cost for the electricity to charge the Volt is never mentioned, so I looked up what I pay for electricity.

I pay approximately (it varies with amount used and the seasons) \$1.16 per kwh. $16 \text{ kwh} \times \$1.16 \text{ per kwh} = \18.56 to charge the battery. $\$18.56 \text{ per charge} \div 25 \text{ miles} = \0.74 per mile to operate the Volt using the battery. Compare this to a similar size car with a gasoline engine that gets only 32 mpg. $\$3.19 \text{ per gallon} \div 32 \text{ Mpg} = \0.10 per mile .

The gasoline powered car costs about \$25,000 while the Volt costs \$46,000 plus. Simply pay twice as much for a car that costs more than seven times as much to run, and takes three times longer to drive across the country.

Senior Sense of Humor submitted by Ed Sobiecki

The following are actual ads seen in "The Villages" Florida newspaper personals for seniors:

Who says seniors don't have a sense of humor.

FOXY LADY

Sexy, fashion-conscious blue-haired beauty, 80's, slim, 5'4' (used to be 5'6'), searching for sharp-looking, sharp-dressing companion.

Matching white shoes and belt a plus.

LONG-TERM COMMITMENT

Recent widow who has just buried fourth husband, looking for someone to round out a six-unit plot.

Dizziness, fainting, shortness of breath, not a problem.

SERENITY NOW

I am into solitude, long walks, sunrises, the ocean, yoga, and meditation.

If you are the silent type, let's get together, take our hearing aids out and enjoy quiet times.

WINNING SMILE

Active grandmother with original teeth seeking a dedicated flosser to share rare steaks, corn on the cob and caramel candy.

MEMORIES

I can usually remember Monday through Thursday.

If you can remember Friday, Saturday and Sunday, let's put our two heads together.

MINT CONDITION

Male, 1932 model, high mileage, good condition, some hair, many new parts including hip, knee, cornea, valves. Isn't in running condition, but walks well.

Do not regret growing old, it is a privilege denied to many.

BALDO: By Cantú and Castellanos

Ft. Irwin Toy Drive 2021

Mopars in May was the first car show & toy drive in 2021. We collected seven boxes of toys plus cash donations of \$230.

Please support the following businesses that supported us by having a toy donation box on their premises. Let them know you know they supported the 2020 toy drive. We will be asking for their support again.

32nd Annual Bataan Memorial Death March Part 2

The Bataan Death March

On April 9, 1942 tens of thousands of American and Filipino Soldiers were surrendered to Japanese forces and were forced to march more than 60 miles in the scorching heat through the Philippine jungles. Thousands died and those who survived faced the hardships of prisoner of war camps.

The POWs would not see freedom until 1945 when U.S.-Filipino forces recaptured the lost territory.

During the Bataan Death March, approximately 10,000 men died.

This year marks the 79th Anniversary of the Bataan Death March.

Team Rd, White & Blue Mission

The mission of Team Red, White & Blue is it to enrich the lives of America's veterans by connecting them to their community through physical and social activity.

Team Red, White & Blue is the antidote to the isolation and health challenges they face.

We insist that all veterans have the opportunity to reclaim what was most precious about their military service: an unwavering sense of belonging born of challenges that show us what each of us is capable of. Together, we strive to make tomorrow better. Together, we will increase mental and physical health. Together, we will find strength and success.

USA MOPAR DOOR HINGE
REMANUFACTURING SERVICE
1967-1976 A-BODY
1962-1978 B-BODY
1970-1974 E-BODY

Why buy Taiwan made reproductions when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 25 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1976 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1978 B-body, 1970-1974 E-body. Most are in stock, primed, ready to paint and install. Or I can refurbish your old hinges with quick turn-over time.

Normally available for exchange or out right with a refundable core charge (\$60.00 if/when available).

Refurbish process:

- * Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards (undamaged, unaltered, rebuildable). If they pass inspection: then I remove door check pins (these are pressed in and must be cut out). Remove pins and bushings in upper hinges.
- * Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.
- * Install new roller pins by MIG welding with new wave springs and refurbished rollers
- * Tighten upper hinges.
- * Prime hinges with Automotive grade primer. Compatible with enamel or lacquer.
- * Install new Oil-lite bronze bushings and new pins in upper hinges.
- * Lube all pins and other moving parts with a Teflon lube
- * Install pins and "S" lower pivot springs
- * Chase all threads with proper sized thread chaser die
- * Mark hinge install location on hinge bottoms
- * Package in moisture proof, sealed heavy thickness transparent packaging
- * Box up, enclose packing slip, install and adjust instructions from service manual
- * Ship out by US Priority Mail

Mention you are a member of Inland Mopars Car Club, FABO, FBBO, or FEBO and receive a 10% discount from revised 2020 retail prices (effective June 1, 2020):

A-body 67-76 Retail \$210.00	Member price \$190.00
B-body 62-65 Retail \$210.00	Member price \$190.00
B-body 67-70 Retail \$210.00	Member price \$190.00
B-body 71-78 Retail \$260.00	Member price \$230.00
E-body 70-74 Retail \$210.00	Member price \$190.00

All prices are exchange plus refundable core charge plus and Priority Mail shipping. PAY-PAL, Postal Money Orders accepted.

Also New factory key blanks and door springs are available.

Thank you for all of your prior and future business: REMEMBER-MOPAR OR NO CAR.

- 1970 Challenger (only) SE, WSS, OEM, rear finish panel. These are not reproduced and are a must to restore a '70 Challenger Special Edition car. The one I have has been professionally restored and is ready for application. I am asking \$1,200.00 which is a fair price for something made of unobtainium. NOS can reach \$2,000.00. I do not have the factory fasteners available. These are just as hard to find.
