## **President's Message**

Ken Hamer

### *New Club Member Info*

Before I provide some information on our newest Inland Mopars Car Club members, I want to thank Vice-President Norma Johnston for taking over at the last minute and conducting our club meeting on July 11<sup>th</sup> in my absence.

I understand attendance at the meeting was a little light so many of you, just like me, were unable to meet our newest club members. Here is a little information about our newest families for those of you that missed our July meeting:

- Don Kurth from Rancho Cucamonga - Don contacted me a few weeks ago requesting information on the club. During a subsequent telephone conversation Don mentioned he is a returning prior club member. Don has quite a collection of Mopars including: a 1957 DeSoto FireFlite convertible, 1957 Imperial Crown, 1958 Plymouth Belvedere convertible, 1962 Dodge Dart (with a slant six), 1962 Dodge Dart (with a 440), 1965 Plymouth Belvedere A990 clone, 1970 Plymouth 'Cuda convertible, 2011 Dodge Durango and a dragster with a blown 392.
- Simon and Lori Koza from Winchester - Simon sent me an email asking for some information on Inland Mopars. I must have provided the right info because he joined at our July club meeting. Simon and Lori are the proud owners of both a 2004 Dodge Ram and recently purchased a 2019 Dodge Challenger Stars and Stripes edition. In fact, Simon must have really liked the info I provided because he brought with him...
- Steve and Shannon Persson, also from Winchester - They also joined at our July club meeting. Their Mopars include a 1968 Plymouth GTX and a 2019 Dodge Ram. I was told their '68 GTX belonged to Steve's parents. Thanks for keeping it in your family!

Please join me in welcoming Don, Simon and Lori, and Steve and Shannon to our continually growing Inland Mopars Car Club! "family"!

You never know what little thing you, or a group, may do that will really impress someone. I have had several club members tell me that

**MOPAR®**  
**August Birthdays**

(From the latest roster)

*Happy Birthday to you,  
Happy Birthday to you,  
Happy Birthday to:*

Leo Rowden	Tanya Miller
Mike Shroyer	Carol Brander
Mike Keller	Joe Bolin
Brenda Detwiler	Bea Whitman
Judy Hamer	Catherine Harrison
Bill Whitson	Cliff Clark
Dave Miller	Wayne Parris

**Meeting 1<sup>st</sup> Sunday of the month except as noted in February, April & July**

**Bits 'n Pieces: All That Car Show Stuff Didn't Load the Trailer by Itself Correction**

It was brought to my attention that I had incorrectly identified Bill Whitson's brother, on the far left in the photo below, as Randy. He is really Barry. Sorry for the mix up. Heat & old age....

Standing from the left: **Barry** Whitson, Norma Johnston, Jerry Shory, Lonnie & Robin Clabaugh, Carol Brander, Bill & Debbie Whitson, Mike Keller, Leo & Barbara Tafoya, & Jim Froelich. Sil Brander is seated. Not shown is Judy Hamer, who took the photo.

## President's Message (cont)

Continued from Page 1

our Pledge of Allegiance at the beginning of our July club meeting was the deciding factor in one of our new club members joining Inland Mopars. We are a patriotic group, proud of it, and proud of our great country.

We are also very proud of our support of our honored Veterans and our efforts toward our annual Toy Drive for the soldier's kids at Fort Irwin.

Along those same thoughts, I hope many of us will be able to take our Mopars to support the following upcoming events that benefit our current military and Veterans:

- August 28 (Fort Irwin Toy Drive event) - "Gassers 7" car show at the Automobile Driving Museum in El Segundo. We will discuss this event at the August club meeting.
- September 4 (Fort Irwin Toy Drive event) - Inglis Classics Grand Opening Super Car Show and Toy Drive in Hesperia.
- September 18 - All-American Car Show in La Mesa put on by the Mopar Club of San Diego with show proceeds benefiting San Diego military families including Wounded Warrior Homes and Fleet Week San Diego.
- October 2 - Patriots and Paws "Hometown Heroes" Car & Motorcycle Show in Corona.
- October 10 - the final Veterans Memorial Car Show at Sylvan Park in Redlands.
- October 30 (Fort Irwin Toy Drive event) - Champion Cooling 4<sup>th</sup> annual Classic Car and Truck Show in Lake Elsinore.

There will be more events in both November and December culminating with our returning annual Fort Irwin Toy Drive Christmas Party at Don and Ann Long's Party Barn in Corona. You definitely do not want to miss the Christmas Party!

Our next club meeting is scheduled for August 1 in the banquet room at Cactus Cantina in Riverside. Usual 9AM for breakfast and 10AM meeting time. See you there!

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the membership //

Management from left: Sam Frisby, Treasurer; Leo & Barbara Tafoya (Team Tafoya), Secretary; and Norma Johnston, Vice President

## Meeting Minutes - July

The July 11, 2021 meeting of Inland Mopars was held at the Cactus Cantina Restaurant in Riverside. Paul Roddy, Sergeant-at-Arms, called the meeting to order at 9:58 AM. Paul led the Pledge of Allegiance. Vice president Norma Johnston would be conducting the meeting in place of Ken Hamer. Norma suggested that since we had some visitors that we should go around and have everyone introduce themselves and the cars that they own.

Ed Sobiecki, 1970 Challenger; Mike Keller, 1970 Duster, 1971 Demon, 1963 Valiant wagon, 2003 Dodge 2500; Bill Heckman, 1937 Dodge pick-up, 1966 Dodge Coronet, 1969 Road Runner; Michael Harding, 1965 Plymouth Belvedere; Lonnie Clabaugh; Robin has a 1969 GTX and 1970 Barracuda; Bill & Debbie Whitson, 1964 Plymouth Fury; Sil Brander, 1959 Plymouth, 1984 Rampage under construction, Carol has a 1959 Metropolitan; Paul Roddy, 2012 Dodge 1500, 2017 Dodge Challenger; Don Kurth, 1957 Desoto Fireflite convert, 1957 Chrysler Imperial Crown, 1958 Plymouth Belvedere convert, 1962 Dodge Dart, 1962 Dodge Dart (440 conversion), 1965 Plymouth Belvedere (A990 clone), 1970 Plymouth Barracuda convert (Cuda clone Six Pack), 2011 Dodge Durango, 1968 Vintage dragster; Joey Garcia, 1974 Plymouth Duster; Cliff Clark, 2021 Ram 1500, 1940 Dodge D-15 Coupe; Sam Frisby, 1970 GTX, 1962 Plymouth Savoy; Leo and Barbara Tafoya, 1973 Challenger, 2006 Dodge Magnum R/T, 2019 Dodge Challenger SXT; Norma Johnston, 1970 Barracuda that she calls (Baby).

**Members present:** Sil & Carol Brander, Lonnie & Robin Clabaugh, Cliff Clark, Sam Frisby, Joey Garcia, Judy Hamer, Michael Harding, Bill Heckman, Norma Johnston, Mike Keller, Don Kurth, Paul Roddy, Ed Sobiecki, Leo & Barbara Tafoya, and Bill & Debbie Whitson.

**Known Missing today:** Club president Ken Hamer had an accident the day before & can't make the meeting; Dave Miller is racing at Irwindale; Jason Gibbons & Jim Froelich each happen to be at the Carlisle Chrysler Nationals.

### **Visitors**

Simon Koza, 2004 Dodge 1500 and 2019 Challenger Scat Pack. Steve Persson, 1968 Plymouth GTX his father originally owned & 2019 Ram 1500. Both joined at the end of the meeting.

### **New Members**

After an absence of many years, returning member Don Kurth.

**Happy Birthday wishes** to our club members with July birthdays: Pat Lavoie, Jerry Shory, Jeanne Shroyer, Harry Windhorst, Don Kurth.

**Treasurer's Report** - Sam went over the car show funds collected. He read a letter of thanks from Chaffey College for the \$500 donation to Sherm Taylor scholarship fund. We have 44 paid members.

### **Club Social Media**

- **Club Website** - Webmaster Joey Garcia: 383 views, updated website with all new events, Toy Drive Menu updated.
- **Facebook** - Mike Counts not at meeting.
- **Instagram** - Jason Gibbons not at meeting.

## Meeting Minutes - July (cont)

Continued from Page 4

### Announcements/Prior Club Business or Activities

- At the June club meeting Wayne Parris had offered to donate tables & chairs to the club if someone would pick them up. Friday July 2<sup>nd</sup>, Mike Keller picked up eight tables & sixteen chairs with Wayne's help. Mike met Bill Whitson out at Sil & Carols to unload the tables & chairs into the toy storage shed. Thanks to Wayne, Mike, Bill, Sil & Carol.
- Wayne had elaborated on how Cynthia had broken her leg; when she lifted her left leg to take a step her right leg gave way. Has been in the hospital in Atlanta. The Lake Mathews house has not sold yet so still in the process. Wayne did have stackable chairs if we wanted them. Club voted no.
- Car shows attended in June :
  - June 12<sup>th</sup> - Mike Keller, Sam Frisby, & Jason Gibbons attended the Stars & Stripes Car Show in Rancho Cucamonga. Mike Counts & Ken Hamer attended as spectators. Good turnout.
  - June 13<sup>th</sup> - Bill Heckman attended the 4<sup>th</sup> Annual Route 66 East valley Car Show in Pomona on Towne Ave. Took his Roadrunner. Said show was good and had about 100 cars in attendance.
  - June 19<sup>th</sup> - Mike Keller attended the High Desert Marines 8<sup>th</sup> Annual Car & Motorcycle Show in Victorville. Was a smaller turnout since two other events got planned for the same day. Hot. Toy donation box info was given to the Victorville Motors rep that had a new Challenger on display.

### Annual Club Activities/Business Status Reports/Upcoming Events

- 20<sup>th</sup> Annual Mopars In May Car Show:
  - Ed Sobiecki went over the questionnaire that he wrote for show attendees & had previously discussed with Ken.
    - Explained the method to the questionnaire.
    - Recommended emailing to attendees. Approx. 300.
    - Hoping for 15% response for future show suggestions.
    - Looks like Mike will be doing the emailing once he has all the entrants info inputted.
  - Norma gave her appreciation for Ed's suggestions.
  - Lonnie asked about what % of responses do we act on?
  - Lonnie wanted to make sure there would be no additional burdens on the club.
  - Again, Fort Irwin suggested to help out with Mopars in May benefit show. Contact proper base personnel.
- Toy Drive update:
  - Mike Keller - Donation box info being distributed to all 2020 toy box location participants. Looking for additional 2021 locations. Info is available. Boxes to start going out in September.
  - Saturday August 28<sup>th</sup> - Automotive Driving Museum in El Segundo, Gasser 7 event. Will have toy drive booth with toy drive info & donation jar. Not sponsored by ADM.
  - Saturday September 4<sup>th</sup> - Inglis Classics Grand Opening, Super Car Show and Toy Drive in Hesperia. Inglis Classics is promoting this on their Facebook page. We have a 10x10 booth, will be collecting toys as well as rolling for additional raffle tickets.

# Meeting Minutes - July (cont)

Continued from Page 5

## Annual Club Activities/Business Status Reports/Upcoming Events (cont)

- Toy Drive update (cont):
  - Saturday October 30<sup>th</sup> - Champion Cooling Systems Car Show, Lake Elsinore. New location at Lambs Fellowship, 21901 Railroad Canyon Rd. Will have the toy drive booth to collect toys.
  - Saturday November 6<sup>th</sup> - Ramona Tire Get together & Toy Drive for Ft. Irwin, Rancho Cucamonga. Inland Mopars & Ramona Tire are hosting. Will have the toy drive booth to collect toys. Hope to increase car count over last year.
  - Saturday November 20<sup>th</sup> - Mopars & Friends at MoTech Performance, Murrieta. 2021 Open House & Toy Drive for Ft. Irwin. Inland Mopars & MoTech Performance are hosting. Will have the toy drive booth to collect toys. Hope to increase car count over last year.
  - December 11<sup>th</sup> - Toy Drive Party at the Long's. Meeting with Long's to be set up in August.

## Future Club Activities/Business Status Reports/Upcoming Events

- July club activity suggestions:
  - Mopar Ranch in Alpine. Need to see what is available.

Round Table: no notes taken.

There being no further business, the meeting was adjourned at 11:21 am.

Respectfully submitted,

Barbara & Leo Tafoya, Secretary (Team Tafoya)

Right: As seen on the Inglis Classics Facebook page. Check it out. Updated flyer below.

## MoTech Performance Buys Schumacher Creative Services

From the For A-Bodies Only website, July 13<sup>th</sup>:

From Schumacher's Facebook page today:

"Schumacher Creative Services has been acquired by the Southern California based Mopar shop, [Motech Performance](#). We're working on assembling kits, starting with our most popular. In the following months we'll be back up 100% with most everything in stock ready to ship.

If there is a product you are interested in, please send us a message on Facebook and we will add you to our list. Thank you all again for your support and patience!"

## Look Who I Met from Jason Gibbons

So a little over a week ago, I went out to Carlisle, Pennsylvania to the Carlisle Chrysler Nationals with Steve Backer. What a great event, so many badass cars. Gets to the point to where you're walking past R/Ts and Hemi cars to see specific cars, because there's only some much time in the day.

I was checking out a 70's Challenger T/A and I look up and the guy standing next to me is our very own Jim Froelich. Travel across to the other side of the US, and you happen to see a buddy you know. Crazy.

What a cool event, check out some of the photos.

## Mopars in May 2021 Part 2

## California ECU Checks Two Articles from the Diesel Army Newsletter Article One

# California To Check For ECU Tunes (Here's the Workaround)

By ROB KRIDER JULY 15, 2021

The government is always a little late to the party. It's not their fault. They are a huge bureaucracy with many moving parts. So, it isn't a huge surprise that it has taken this long for them to figure out that a lot of car folks like to add performance to their vehicles by tuning the Engine Control Unit (ECU). But the California government has finally caught up with this trend and on July 19, 2021, when a vehicle is smog checked, the State will go through the OBDII port and scan the ECU to determine if an aftermarket tune is on board. If the ECU tune is not stock, you fail. Do not pass go, do not collect \$200. I can already hear the people in Texas laughing at us.

Ah, the ole OBDII port, federally mandated on any vehicle sold in North America after 1996. It is a great place to connect, diagnose and even tune your car. Now, it's a place for the government to get up in your ECU's business. "Hey, you got a warrant for that?"

Continued on Page 16

## California ECU Checks (cont)

As a human being who breathes air, this new smog control check shouldn't be all that infuriating. Clean air is a good thing. Newsflash: we all need clean air to live. Smog has been definitively improved in the Los Angeles area from years of improvements to ensuring the internal combustion engine burns cleaner. We have a lot of people in a concentrated area in California, all sitting in traffic burning gasoline and creating pollution. Smog checks are a way to improve that situation. So, as a car guy or gal who likes to improve their ride, how do you navigate this new set of rules? We still want to play with cars.

This is Los Angeles, California. Nope, it doesn't look like this in the movies. Smog is a real issue and the California government is trying to improve it. You better lock your tuned ECU in your gun safe next to your AR-15

So, what is the workaround? Well, you could drive a 1969 Cadillac Coupe Deville; there is no OBDII port or ECU on that bad boy. Or, you could buy a Tesla, because there is no engine in that car to be smogged. For folks with a tuned ECU there a couple of things you could do, however some of them are unethical and illegal and I would certainly not suggest them in any way, at all, ever. Think of these workarounds similar to the ones that were around during prohibition, like: "Whatever you do, do not use these grapes to make wine at your house."

During prohibition, grape farmers would make semi-solid grape concentrates they called grape bricks. They were sold with a very specific warning on the label, "After dissolving the brick in a gallon of water, DO NOT place the liquid in a jug and leave it in a cupboard for 20 days, because then it would turn into wine." You have been officially warned.

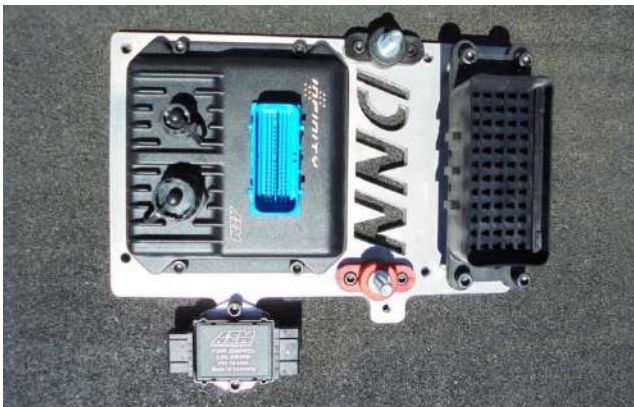

## California ECU Checks (cont)

Not all custom tunes are sets of evil coding (they are simply zeros and ones) and they aren't designed to destroy the environment. Some just get you better gas mileage or adjust digital speedometers for different sized tires. The ECU controls many things, not just the emissions equipment, and unfortunately even changing your shift points on the transmission will cause you to fail inspection. Thankfully many companies provide tuners that add tunes and that also take tunes away from an ECU. We used a COBB tuner to add a custom FSWerks tune to our ["Way of the FiST"](#) Ford Fiesta ST for the [One Lap of America](#) race. Once the race was over, we pulled the tune out of the ECU to go back to stock. The trick is not just switching the tune back to stock, but completely removing the handheld tuner signature and its access to the ECU.

We added a tune to our Ford Muscle project car Ford Fiesta for the One Lap of America event which was run outside of California. When we got back to the state line we pulled the tune out of the ECU. If the car was tested today it would pass smog.

[SCT Tuners](#) have the ability to put tunes in and take them back out (like...right before you go to the smog station). SCT and other tuners also have CARB (California Air Resources Board) legal tunes that should pass inspection. This is just the reality in the Golden State. Living in California we have had difficulty working with aftermarket companies even for track specific racecars for years. We attempted to order a tuner from [Hondata](#) for our [NASA](#) Honda Challenge racecar and they would not ship it to us in California. We have a crew member who lives in Arizona and we told them to ship it there. They wouldn't do that either because we were paying with a [Paypal](#) account with a California address. The illegal and unethical workaround was to have the crewmember purchase it with his account and then he would ship it to us later. The only people making money on this deal are UPS. And all this is for a caged racing car with no license plate.

Standalone engine management systems, like this AEM Infinity, can do wonders to make your car faster, but will only cause you grief at a California smog station.

## California ECU Checks (cont)

Californians, if you are rocking a modern car and you have a juiced tune in the ECU you have been officially warned. When you need to do a biannual smog check odds are that car will fail. Well, I say it will fail, unless you are part of a car community that shares one stock ECU that you all pass around for smog checks. Not that I would ever suggest something like that, because that would be unethical and illegal.

*Editor's note: While humorous, this story is not intended in any way to advocate circumventing emissions laws that protect the environment. However, it does acknowledge that certain policies, when enforced, may have no bearing on emissions while greatly inconveniencing enthusiasts looking to modify their vehicles and support the \$400 billion aftermarket industry.*

### Article Two

# According to BAR, You Can Still Tune a Vehicle in California

By SCOTT Parker JULY 19, 2021

If, like us, emissions policies that threaten our hobby concern you, then perhaps you read [this story](#) last week that put California residents on notice that the smog inspectors will be checking and failing vehicles for "illegal" tuning (basically anything that is not either OEM or a CARB approved tune) starting July 19th. Smog inspections are regulated by the Bureau of Automotive Repair (BAR), and this information was released on [BAR's website](#) around July 13th.

SEMA stated, "BAR anticipates approximately 5-10 vehicles will fail each day for illegally modified software. For context, BAR inspects approximately 1 million vehicles each month as part of the smog check program. Roughly 10,000 of these inspections result in failures due to problems other than modified software. In other words, BAR expects very few vehicles to fail for illegally modified software.

If you are wondering how exactly this will work, SEMA gave us the rundown in its [press release](#):

- If your vehicle fails for illegally modified software, it must be restored to an OEM setup or CARB EO approved software configuration before it may be retested.
- If your vehicle fails for illegally modified software and you believe it is already an OEM setup or CARB EO approved, you may [schedule an appointment with the Referee](#) for further inspection.

## California ECU Checks (cont)

- If you unknowingly purchased a vehicle with illegally modified software, you may [file a complaint with BAR](#).
- To ensure equipment upgrades comply with emissions regulations, the SEMA Garage emissions compliance center helps manufacturers of performance related products, including ECU modifications, to obtain approved CARB EOs.

*During a meeting of the BAR Advisory Group on July 15, BAR staff expressed confidence that non-tuning ECU modifications, such as aftermarket wheel and tire calibrations, would not result in failed inspections.*

The good news is that the BAR Advisory Board told SEMA in a meeting on July 15th that they feel confident in being able to separate non-emissions related tuning such as for recalibrating the speedometer for wheel and tire changes. Peter Treydte, Director of Emissions Compliance at SEMA, elaborated:

*Based on our conversations with Bureau of Automotive Repair (BAR) representatives, it seems that their initial implementation of failures based on software modification will be directed toward blatant tuning modifications that are likely to have a negative impact on emissions, thus less obtrusive modifications may enjoy a grace period. Since 2015, BAR has been accumulating a database of vehicle software information captured during the Smog Check process and they already have a pretty clear picture of the effects of various modifications. This information is taken from the On-Board Diagnostic (OBD) system and includes software identification such as CAL-ID (equivalent to a filename) and CVN (equivalent to a checksum). They have already developed an association between these identifiers and various categories of modifications, including those that are covered by CARB Executive Orders (EOs). They will use this existing knowledge to develop their PASS/FAIL criteria.*

*Since CARB considers the vehicle's software to be an emissions device, any modification to it (regardless of the purpose of the modification) already requires a CARB Executive Order (EO) to be legal for sale in California. Some types of software modifications may require little or no testing to obtain an EO based on a negligible impact to emissions. Regardless, it's more important than ever before for all manufacturers of vehicle software modifications to ensure emissions compliance, and SEMA strongly encourages members to obtain EOs for their products.*

## California ECU Checks (cont)

*We realize that the process to obtain a CARB EO can be daunting, and SEMA offers services to assist in the process. This includes preparing applications, communicating with CARB on behalf of the applicant and performing laboratory testing when necessary. We have assisted many manufacturers of a variety of software modifications in obtaining EOs - in fact, the SEMA Garage submits more than 200 aftermarket product applications to CARB's Aftermarket Parts Division annually, which is more than 50% of the total volume of applications CARB receives.*

While we are certainly not out of the woods with this or other acts of government overreach, this bit of news was at least a little bit relieving. To stay informed on this and other related topics, you can enlist in the [SEMA Action Network](#).

---

## Sherm Taylor Scholarship Endowment

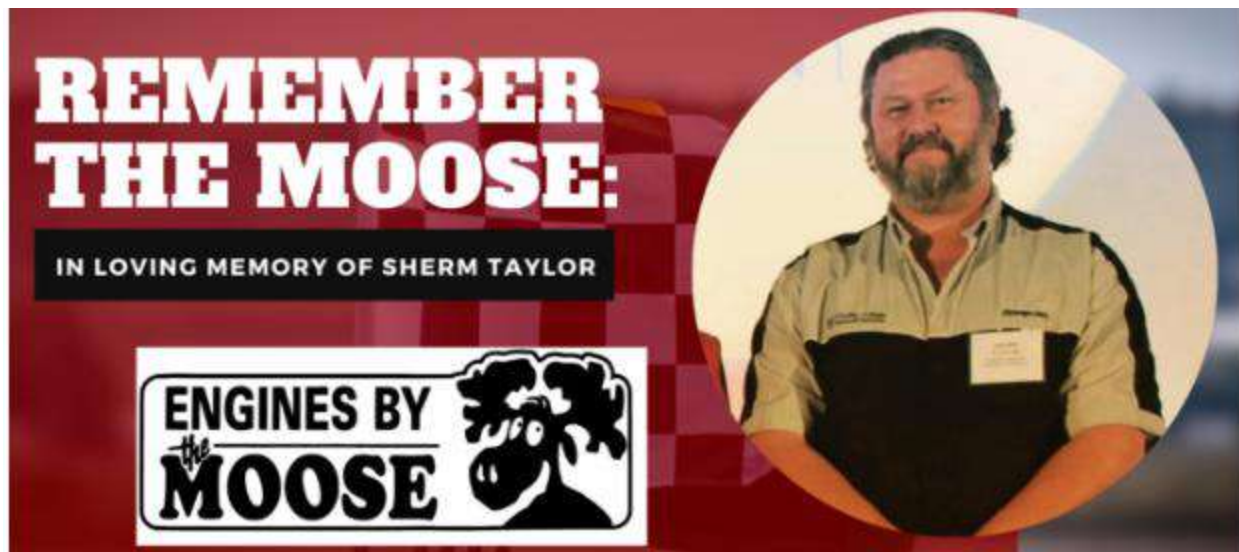

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It is still listed in the Nuts & Bolts section of the newsletter. His sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, you can make a donation either on-line or checks can be made out to the Chaffey College Foundation & mailed to the address below:

On-line at <https://chaffey.kindful.com/?campaign=1118679>

Snail mail to Chaffey College Foundation  
5885 Haven Ave,  
Rancho Cucamonga, CA 91737

Please note Sherm Taylor scholarship in the memo section.

## Ft. Irwin Toy Drive 2021

The toy drive for Ft. Irwin officially kicked off at the Mopars in May Car Show. We are next scheduled to be at the Automobile Driving Museum on August 28<sup>th</sup> with the toy booth, info & donation jar. Saturday September 4<sup>th</sup> of Labor Day weekend there will be a toy drive at the Inglis Classics Open House & Car Show in Hesperia. October 30<sup>th</sup> will be the Champion Cooling Car Show, again benefitting the Ft. Irwin toy drive, at a new location in Lake Elsinore. November 6<sup>th</sup> is the Get Together at Ramona Tire followed by Mopars & Friends at MoTech Performance November 20<sup>th</sup>. The cruise nights at Farmer Boys & Legends in Rancho Cucamonga have not started back up yet so those toy drive events are still pending.

The Toy Drive party at the Longs is scheduled for Saturday December 11<sup>th</sup>.

I have contacted all of last year's toy donation box sites & have a few new sites. Please see the attached list of confirmed toy donation box locations for 2021. Most boxes will be at these locations in late August/early September. I am waiting to hear from the majority of the 2020 locations.

When contacting businesses about doing a toy donation box, please make sure they are not obligated to another toy drive. This happened at a couple of automotive retail stores last year & I found our box tucked away out of sight.

2021 Toy Drive schedule so far:

- May 23 - Mopars in May, Inland Mopars (happened)
- August 28 - Automobile Driving Museum, booth, donation jar
- September 4 - Inglis Classics Grand Opening & Car Show, Hesperia
- October 30 - Champion Cooling Systems, Lake Elsinore
- November 6 - Ramona Tire, Rancho Cucamonga
- November 20 - Mopars at MoTech Performance, Murrieta
- December 11 - Toy Drive Party at the Longs

## Inglis Classics

### Grand Opening, Super Car Show & Toy Drive

17229 Lemon St Suite A-2

Hesperia, CA 92345

Saturday, September 4th 2021

Leo Tafoya  
Cell (951) 413-4775  
USA MOPAR DOOR HINGE  
REMANUFACTURING SERVICE  
1967-1976 A-BODY  
1962-1978 B-BODY  
1970-1974 E-BODY

Why buy Taiwan made reproductions when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 25 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1976 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1978 B-body, 1970-1974 E-body. Most are in stock, primed, ready to paint and install. Or I can refurbish your old hinges with quick turn-over time.

Normally available for exchange or out right with a refundable core charge (\$60.00 if/when available).

Refurbish process:

- \* Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards (undamaged, unaltered, rebuildable). If they pass inspection: then I remove door check pins (these are pressed in and must be cut out). Remove pins and bushings in upper hinges.
- \* Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.
- \* Install new roller pins by MIG welding with new wave springs and refurbished rollers
- \* Tighten upper hinges.
- \* Prime hinges with Automotive grade primer. Compatible with enamel or lacquer.
- \* Install new Oil-lite bronze bushings and new pins in upper hinges.
- \* Lube all pins and other moving parts with a Teflon lube
- \* Install pins and "S" lower pivot springs
- \* Chase all threads with proper sized thread chaser die
- \* Mark hinge install location on hinge bottoms
- \* Package in moisture proof, sealed heavy thickness transparent packaging
- \* Box up, enclose packing slip, install and adjust instructions from service manual
- \* Ship out by US Priority Mail

Mention you are a member of Inland Mopars Car Club, FABO, FBBO, or FEBO and receive a 10% discount from revised 2020 retail prices (effective June 1, 2020):

A-body 67-76 Retail \$210.00	Member price \$190.00
B-body 62-65 Retail \$210.00	Member price \$190.00
B-body 67-70 Retail \$210.00	Member price \$190.00
B-body 71-78 Retail \$260.00	Member price \$230.00
E-body 70-74 Retail \$210.00	Member price \$190.00

All prices are exchange plus refundable core charge plus and Priority Mail shipping. PAY-PAL, Postal Money Orders accepted.

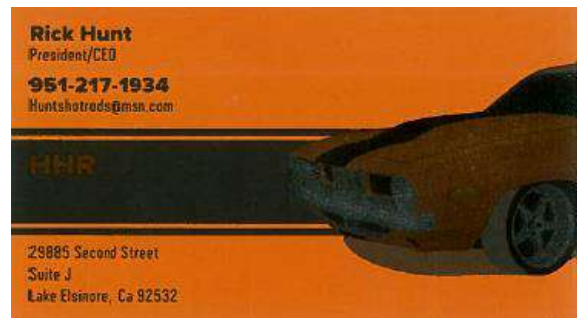

Also New factory key blanks and door springs are available.

Thank you for all of your prior and future business: REMEMBER-MOPAR OR NO CAR.

### Wanted

- Looking for a '69 Dodge Charger, motor not important. Sergeant Major at Ft. Irwin looking to replace his car.

Contact Mary Leatherman: email [leatherman.mary48@gmail.com](mailto:leatherman.mary48@gmail.com)

- Looking for a '69 GTX convertible lens for the dash. No more info than that.

Contact Smilin' Ed: cell: 702-807-1408 or email [moparsoflasvegas@cox.net](mailto:moparsoflasvegas@cox.net)

## Nuts & Bolts- (cont)

### For Sale - California

- Chrysler 440 engine engine, rebuilt with best of everything, balanced to one gram, \$3000.

Contact Jonathon Polidano 818-795-6349  
or email [Jonathon.Polidano@chaffey.edu](mailto:Jonathon.Polidano@chaffey.edu)

**This is the motor Sherm Taylor was selling before his passing. Money from the sale of this motor will go to the scholarship endowment fund in his name.**

- 1965 Barracuda big back window, the speedometer cluster as well as the chrome pieces along with a few other Barracuda pieces.
- 1950 5 window Dodge pickup. It is completely there but needs to be put back together.
- 1956 Dodge pickup. Complete, was running when we parked it but needed a fuel pump.

Moving out of state so for any of the items above call Marie Hubert at 909-709-5010 or email: [grandmamarie5@gmail.com](mailto:grandmamarie5@gmail.com)

Cash, check or money order made out to Mike Keller  
Call or text Mike 951 212-0817 or e-mail [limesdust70@gmail.com](mailto:limesdust70@gmail.com)

- 1970 Challenger (only) SE, WSS, OEM, rear finish panel. These are not reproduced and are a must to restore a '70 Challenger Special Edition car. The one I have has been professionally restored and is ready for application. I am asking \$1,200.00 which is a fair price for something made of unobtainium. NOS can reach \$2,000.00. I do not have the factory fasteners available. These are just as hard to find.

Call or text Al Lavoie 951 351-9100 or e-mail [albert.lavoie1970@aol.com](mailto:albert.lavoie1970@aol.com)
