## **President's Message**

Ken Hamer

### *What's the Point?*

Inspiration for these monthly messages come from a wide variety of sources: the internet, newspaper articles, something I may have heard on the radio or television, or sometimes real world happenings. Many, as this one did, come from the few print magazines that still exist today. But I never envisioned drawing brainwave motivation from a magazine article about a Pro Street 1965 Chevelle.

On the cover of the October 2021 issue of *Hot Rod Magazine* is a car many of us have probably seen before since it has roamed the street hot spots of SoCal for about forty years. The article described the Chevelle as "...a Pro Street survivor and a window into our hot rodding roots." But what really grabbed my eye while reading the article was mention of several local shops that also were involved in the build of the '69 Dart I owned back in that same time period:

- Bob Harris at Billet Race Cars did the chassis and suspension work on my old Dart to put a rectangular tube chassis under it with coil-over front suspension and super stock leaf springs with ladder bars in the rear, tubs and a narrowed 8-3/4 to stuff 14-32 x 15 slicks completely under the 4" lengthened rear wheel/tire opening.
- Taylor Engines in Whittier did the machine work on the 340TA block I purchased from Keith Black Racing Engines in South Gate
- C&J Engineering in Whittier did the carburetor work on the Holley 850DP

Reading the article brought back so many great memories that I hadn't thought about in years.

So, what's the connection with the "What's the Point" title of this little bit of memory recall?

In the beginning of the magazine article, the long-time owner of the Chevelle says that 95% of the friends he still has are people he met because of the car and car clubs; and in the last few sentences of the article the author states the point of this entire hot rodding hobby that we partake in is the fact that the cars are stupid fun, but

they're really just ways to meet other gearheads and make lifelong friendships. Isn't that also the basic reason we all joined Inland Mopars?

Our next club meeting is scheduled for Sunday, September 5 in the banquet room at Cactus Cantina in Riverside. Usual 9AM for breakfast and 10AM meeting time. Foremost among the discussion topics will be the initial planning of our 2021 Fort Irwin Toy Drive Christmas Party. Those of you that attended in either/both 2018 and 2019 know the importance of this event to the overall success of our Fort Irwin Toy Drive. This year, more than before, we need the participation and commitment of all of our club members. There is much to talk about, plan for and organize so please make every effort to attend. See you there!

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the membership //

## Meeting Minutes - August

*Secretary comment: Lost 1/2 of the meeting we recorded and tossed the wrong months notes. Kind of confusing in that it is from the recording of the meeting and, with the Music playing and such, the recorder couldn't make out clear conversations so it kind of jumbled a lot of words.*

The August 1, 2021 meeting of Inland Mopars was held at the Cactus Cantina Restaurant in Riverside. Paul Roddy, Sergeant-at-Arms, called the meeting to order at 10:00 AM. Paul led the Pledge of Allegiance.

**Members present** (not recorded so may not be correct): Sil & Carol Brander, Lonnie & Robin Clabaugh, Cliff Clark, Sam Frisby, Jason Gibbons, Ken Hamer, Michael Harding, Bill Heckman, Norma Johnston, Mike Keller, Don Kurth, Paul Roddy, Ken & Kim Strathman, Leo & Barbara Tafoya, Bill & Debbie Whitson, and Harry Windhorst.

### Announcements/Prior Club Business or Activities

- Car shows attended in July:
  - July 3<sup>rd</sup> - Mike Keller attended the Summer Street Fair Car Show & Chili Cook-Off at the James A. Woody Park in Apple Valley. Was a free show and pre-reg only since they had limited parking for about 60 cars. Nice & warm.
  - July 24<sup>th</sup> - Mike Keller attended the Cruise for Paws Car Show in Hesperia. Was a smaller turnout than anticipated since a memorial service for a fellow club member was planned for the same day. Hot. Mike presented two trophies in the name of Inland Mopars for his two favorite vehicles. Neither was a Mopar. One was a clean yellow 1950 Chevy pickup and the other was a 1973 Chevy van.
  - No one mentioned going on the July POL cruise or the Mopars at the Marconi cruise.

## Ft. Irwin Toy Drive 2021

The toy drive for Ft. Irwin officially kicked off at the Mopars in May Car Show. We are next scheduled to be at the Automobile Driving Museum on August 28<sup>th</sup> with the toy booth, info & donation jar. Saturday September 4<sup>th</sup> of Labor Day weekend there will be a toy drive at the Inglis Classics Open House & Car Show in Hesperia. October 30<sup>th</sup> will be the Champion Cooling Car Show, again benefitting the Ft. Irwin toy drive, at a new location in Lake Elsinore. November 6<sup>th</sup> is the Get Together at Ramona Tire followed by Mopars & Friends at MoTech Performance November 20<sup>th</sup>.

The Toy Drive party at the Longs is scheduled for Saturday December 11<sup>th</sup>. Meeting was held August 18<sup>th</sup> with Ken Hamer, Don & Ann Long, & me to discuss the basics. Info will be presented at the September club meeting.

I have contacted all of last year's toy donation box sites & have a few new sites. Please see the attached list of confirmed toy donation box locations for 2021. Most boxes will be at these locations in late August/early September. I have not heard from the majority of the 2020 locations so will have to make second trip to each.

When contacting businesses about doing a toy donation box, please make sure they are not obligated to another toy drive. This happened at a couple of automotive retail stores last year & I found our box tucked away out of sight.

2021 Toy Drive schedule so far:

- May 23 - Mopars in May, Inland Mopars (happened)
- August 28 - Automobile Driving Museum, booth, donation jar
- September 4 - Inglis Classics Grand Opening & Car Show, Hesperia
- October 30 - Champion Cooling Systems, Lake Elsinore
- November 6 - Ramona Tire, Rancho Cucamonga
- November 20 - Mopars at MoTech Performance, Murrieta

## Opportunity Drawing Items

At the July meeting it was brought up to do an inventory of opportunity drawing items still on the shelf. Norma & Mike did this inventory August 9<sup>th</sup>. Norma provided the list to Mike who provided it to the Mopar Club San Diego to see if any of their military groups could use them. They could so Jeff & Julie Walker arrived at our storage facility on August 14<sup>th</sup> and in less than 30 minutes, we had loaded 78 items in their Durango. 65 of those items went to Wounded Warrior Homes. See the attached thank you from Wounded Warrior Homes. A few items may be used as opportunity drawing items at the Mopar Club San Diego car show September 18<sup>th</sup>.

Above left & right: items that went to the Mopar Club San Diego & Wounded Warrior Homes.

## Opportunity Drawing Items (cont)

Left: Opportunity items on top shelf with lots of room for more on the lower shelf. Now is the time to start looking for items, especially automotive related, for the next Mopars in May opportunity drawing.

Dear Jeff, Julie and the Inland Mopar Club,

Thank you for your recent drop off of an extensive collection of home goods to be used for our three veteran houses and for when veterans move out to live independently. There is a great need for these items.

I'd like to express my appreciation to both of you and to the Inland Mopar organization for your great generosity. I will send a copy of this letter by email to Mike Keller.

The support the Mopar Club has given us over the years is very gratifying and has helped us achieve our mission of helping post-911 veterans struggling with TBI and PTSD with transitional housing and a defined path to independence. Thank you very much.

<b>We are in receipt of the following donation:</b>	
Date: August 20, 2021	65 pieces of home goods

### Sherm Taylor Scholarship Endowment

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It is still listed in the Nuts & Bolts section of this newsletter. His sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, you can make a donation either on-line or checks can be made out to the Chaffey College Foundation & mailed to the address below:

USA MOPAR DOOR HINGE  
REMANUFACTURING SERVICE  
1967-1976 A-BODY  
1962-1978 B-BODY  
1970-1974 E-BODY

Why buy Taiwan made reproductions when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 25 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1976 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1978 B-body, 1970-1974 E-body. Most are in stock, primed, ready to paint and install. Or I can refurbish your old hinges with quick turn-over time.

Normally available for exchange or out right with a refundable core charge (\$60.00 if/when available).

Refurbish process:

- \* Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards (undamaged, unaltered, rebuildable). If they pass inspection: then I remove door check pins (these are pressed in and must be cut out). Remove pins and bushings in upper hinges.
- \* Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.
- \* Install new roller pins by MIG welding with new wave springs and refurbished rollers
- \* Tighten upper hinges.
- \* Prime hinges with Automotive grade primer. Compatible with enamel or lacquer.
- \* Install new Oil-lite bronze bushings and new pins in upper hinges.
- \* Lube all pins and other moving parts with a Teflon lube
- \* Install pins and "S" lower pivot springs
- \* Chase all threads with proper sized thread chaser die
- \* Mark hinge install location on hinge bottoms
- \* Package in moisture proof, sealed heavy thickness transparent packaging
- \* Box up, enclose packing slip, install and adjust instructions from service manual
- \* Ship out by US Priority Mail

- 1970 Challenger (only) SE, WSS, OEM, rear finish panel. These are not reproduced and are a must to restore a '70 Challenger Special Edition car. The one I have has been professionally restored and is ready for application. I am asking \$1,200.00 which is a fair price for something made of unobtainium. NOS can reach \$2,000.00. I do not have the factory fasteners available. These are just as hard to find.
