### ***2022 Fort Irwin "Christmas in January" Toy Distribution, GNRS and "Mopars In May"***

The 2022 "Christmas in January" toy distribution was a truly outstanding event. If you weren't there, you should have been. Originally planned for the Fort Irwin 'downtown' area as in past years, it was quickly and necessarily changed to a drive-through event similar to the 2021 toy distribution but at a different area of the base. Club members that have been involved in the purchase, gathering, storing and delivery have an idea of the total amount involved, but actually seeing all of boxes of toys and all of the bicycles in one location really shows what Inland Mopars accomplished. If you haven't seen the video put together by club member Michael Harding, take a look:

[https://www.youtube.com/watch?v=IOpg2K\\_nB-k&t=13s](https://www.youtube.com/watch?v=IOpg2K_nB-k&t=13s)

Here's a link to a short article from the High Desert Warrior, the post newspaper:

[NTC/Fort Irwin celebrate Christmas in January - High Desert Warrior  
- Ft Irwin \(aerotechnews.com\)](#)

Thank you to Michael Harding, Mike Keller, Paul Roddy and Bill and Debbie Whitson for making the drive and representing Inland Mopars at the toy distribution. We had an opportunity to meet Brigadier General Curt Taylor, the Commanding General of the National Training Center and Fort Irwin. We also met Garrison Commander Colonel Jason Clarke. We were told that the amount of toys and bicycles being distributed at "Christmas in January" far exceeded what was available for purchase at the facilities on base. Everyone we met was so appreciative of what we do for the soldier's kids.

WELL DONE, Inland Mopars!

The 2022 Grand National Roadster Show is scheduled for January 28-30, at the Fairplex. This is our annual club fundraiser activity. Our work will begin on Wednesday, January 26, with the initial set-up of the main souvenir stand and move-in of club display vehicles on both Wednesday and Thursday. The packet of show entry and parking

## Bits 'n Pieces: Don't Come Unhinged

Some of you may not realize it but we do have a hinge master among us. Back in the newsletter Business listing is an ad for MoparLeo's Parts. That is our own Leo Tafoya. If you have been to either Spring Fling or Fall Fling you may have seen him set up in the swap area with hinges. He can pretty much restore any of your worn out, saggy hinges.

passes was late in becoming available to us. Because of the combination of the delay in having them available and my work schedule, I asked Mike Keller to take care of the distribution of entry passes and parking passes to those who signed up to work the show. Thank you Mike!

Inland Mopars received approval to hold our 2022 "Mopars in May" charity-benefit car show on the grounds of Southwest Carpenters Training Center in Ontario so it is now full speed ahead with planning, advertising and all things car show related. Mark your calendars if you haven't already done so for May 15, 2022. We have requested assistance from our contacts at Fort Irwin for some people to help with the show operations and duties. We have also been in contact with our friends at Mopar Club of San Diego and should have their assistance again to help with show vehicle judging. We will need every club member to help make our annual car show the outstanding event it is known to be.

Lastly, we are in process of scheduling a joint club activity with the Mopar Club of San Diego for February. I will forward more information as soon as the date is determined. Right now it is looking like February 26.

There may also be another club activity on February 19 that will need assistance from club membership. The date has not yet been firmed up so please keep your calendar open. I will provide more information as soon as possible.

### Reminders:

- Sam Frisby will happily accept your 2022 club dues
- Our February 6<sup>th</sup> club meeting will be held at our usual location, the banquet room at Cactus Cantina restaurant in Riverside. 9am for breakfast with the meeting getting started as close to 10am as possible.

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the membership //

### **Announcements/Prior Club Business or Activities**

- Ken H - Happy New Year and thanks for attending.
- Ken H - congratulations to the 2022 club officers:
  - President-Ken Hamer
  - Vice-President-Paul Roddy
  - Treasurer- Sam Frisby
  - Secretary(s) Leo & Barbara Tafoya
  - Newsletter- Mike Keller
  - Sergeant at Arms- Bill Whitson
- December 18<sup>th</sup> was Wreaths Across America at Riverside National Cemetery. Ken thanked David Miller for mapping out the gravesite locations to help with wreath placements. Lonnie felt it was busier this year. Very organized this year with CAP doing wreath distribution to those doing placements.
- December 11<sup>th</sup> was the Fort Irwin Toy Drive Christmas Party and pot luck. Report of over 200 in attendance but no official count. Plenty of help at party with toys, parking, and cleanup, not just Inland Mopars members. The Longs were very happy with clean-up, done quickly.

### Announcements/Prior Club Business or Activities (cont)

Fort Irwin Toy Drive Christmas Party (cont):

- Any pictures of Color Guard? Horses. This year they from the 11<sup>th</sup> Armored Cavalry Regiment. Black Horse Cavalry Color Gard showed up in 1901 uniforms with a couple of horses. Ken gave us a little history: they were first organized in 1901. They have been the opposing force at Fort Irwin since 1994 and are considered the best trained mechanized force in the World.
- Comments, recommendations for next year? Debbie Whitson recommended music. Three years ago, there was a band. But we didn't want the expense this time. Don's PA wasn't working this year, so no music or announcements. Voted no on band next year (2022).
- After action meeting with the Longs; Mike sent e-mail to the Longs about the party since we might have some comments.
- Toy Drive update
  - Mike refreshed us about the Cruise-In with the Clauses at the Zimmerman Automobile Driving Museum in El Segundo on Saturday December 4<sup>th</sup> as reported at the December meeting.
  - Sunday morning before the club meeting, Mike unloaded 20 boxes of toys at toy storage.
  - Sunday evening December 5<sup>th</sup> Mike went to the South Bay Mopars Annual Holiday Party in Torrance where they had collected toys and a couple of bikes for us.
  - Monday December 6<sup>th</sup> Mike started picking up donation boxes and made another toy delivery to toy storage.
  - Tuesday was another day of picking up donation boxes.
  - Wednesday December 8<sup>th</sup> was toy trailer loading at the Branders. First thing that happened was the up/down mechanism on the trailer broke. We still hitched it up and moved it while Sil found a replacement part. Bill & Debbie Whitson, Lonnie & Robin Clabaugh, Jim Froelich, & Mike made short work of loading the trailer. It was probably  $\frac{3}{4}$  full with the boxes and 7 bikes out of the storage shed. Mike took the loaded trailer to the Long's in Corona so Don could place it for the Saturday party.
  - Friday Mike picked up another box & toys in Alhambra.
  - Saturday was the toy drive party & pot luck.
  - Sunday Mike drove to El Cajon to pick up the bike & scooter trailer from Hilton Vail containing 60 bikes & 40 scooters. He delivered the trailer to the Long's where Michael Harding & Ken Hamer would pick it up the following Sunday for delivery to Fort Irwin. Mike picked up the now full toy trailer which had been filled the night before.
  - Wednesday December 15<sup>th</sup> Mike delivered the full toy trailer to Fort Irwin for unloading. Delivery had been scheduled for Tuesday but was changed for safety reasons; rain & high winds. We had 2 lines of people unloading and it took less than 30 minutes to unload the trailer into the Fort Irwin containers for later sorting.
  - Thursday December 16<sup>th</sup> Mike took the empty trailer to the Highway 39 Event Center in Anaheim for that evening's toy drive and car show. Bill & Debbie Whitson, along with Bill's brother Barrie and his wife Marsha, came out for the event. Bring a toy, get a dinner. Just before 9:00 pm we started to box toys up but didn't quite make it before the rain came.

- Toy Drive Update (cont):
  - Highway 39 Event Center (cont) - We filled over 25 boxes full of toys plus loaded 50 small bikes in boxes donated by the Highway 39 Event Center.
  - Saturday December 18<sup>th</sup> Mike went the Holiday Car Show & toy drive in Apple Valley put together by Tanya Inglis of Inglis Classics in Hesperia. They had about 80 registered vehicles from eleven car clubs and independents. Former member Scott Seese, his girlfriend and her mother, helped box up the toys and load the trailer with eight more boxes of toys. The trailer was moved to Mike's in-laws in Hesperia for the night.
  - Sunday December 19<sup>th</sup> Paul Roddy met Mike at his house for the drive up to Hesperia to pick up the truck & trailer for delivery to Fort Irwin. In the meantime, Michael Harding met Ken Hamer at the Long's to pick up the bike & scooter trailer for delivery to Fort Irwin. Michael & Ken beat us to the Fort Irwin visitor center parking lot. We notified SGM Killea we were there and he sent an escort vehicle out to get us in. The bike trailer was unloaded first followed by the  $\frac{1}{4}$  full toy trailer. Michael took the empty bike trailer back to Corona and Mike took the empty toy trailer to Ontario.
  - Monday December 20<sup>th</sup> Mike to Sil's trailer back to San Jacinto.
  - Tuesday December 21<sup>st</sup> Mike went to Corona to pick up the empty bike trailer and then returned it to Hilton Vail in El Cajon. Now without a trailer Mike stopped in Murrieta at MoTech Performance to deliver their appreciation plaque. He also stopped at Overdriven Performance in the same complex to thank them. They had the Champion Cooling toy donation box and had already received their appreciation plaque. Both are on board for 2022.
  - Wednesday December 22<sup>nd</sup> Mike went the 909 Camaros meeting/meet & greet in Highland and presented them with their appreciation plaque. They are also on board for 2022.
  - All appreciation plaques were hand delivered except for one, which was done by mail as requested.
  - Ken asked Mike K what his total mileage for the month was. 1941.3 was Mikes answer. That was only the mileage for the truck from December 3<sup>rd</sup> to December 22<sup>nd</sup>. Did not include car miles for toy stuff in that same time period.
  - Paul Roddy wanted to applaud Mike Keller for all he does for the toy drive and club, everyone applauded.
  - Michael Harding commented that SGM Killea made things happen at the delivery, really is in charge and hopes he stays at the base to keep things happening. He understands the importance of the event to the troop's kids. Noted all the help that was put out by the people at the base (mostly emergency services).
  - In the past we have been dealing with the Department of Emergency Services. Now dealing more with the MWR group. LaToyla Atkins was at both deliveries so she saw what was involved with the toy deliveries.
  - Michael H. said he was trying to get his company "Champion Cooling" to get more involved in the toy drive.
  - Mike announced that Saturday, January 8<sup>th</sup> was toy distribution at Ft. Irwin from noon to 4pm. Anybody wanting to go must have CDL to Mike by Monday to go. Two hour drive, min.

### Annual Club Activities/Business Status Reports/Upcoming Events (cont)

- 2022 Grand National Roadster Show, annual main club fund raiser activity.
  - Contract finally received, signed and sent back. Sent copy to Laura. Mike K sent email in December asking about Covid restrictions. Last we heard was mask indoors and no vaccines (later changed to needing vaccination proof, card). Michael H said SEMA had same requirement for vaccine card.
  - Club display vehicle move in instructions should have been sent to car owners. Each vehicle will have an assigned location within the display. John Buck sets those locations because he is very conscious of vehicle color compatibility. He doesn't want vehicles next to each other that would have colors clash (ex; Jason's green Duster & Chris' green Superbird). That is why he says where they go.
  - Ken got in touch with Laura; we can move in Wednesday or Thursday. Wednesday would be a late move in time. Gate opens at 6pm. 6 to 8 move in time.
  - Thursday, move in gate opens at 10am. Sil will go on Thursday, Bill H & John will move in on Wednesday, Chris Thompson and Jason unknown at this time. Emails sent. **(Should be noted that Chris' Superbird would be parked in front of the move-in door and would be the last vehicle in. This info should be noted as being needed for next year prior to move in.)**
  - Still have open work schedules to fill:
    - Thursday one shift available 2:30 to 7 pm
    - Friday 3 shifts available from 4-9pm
    - Saturday 2 shifts from 3-9
    - Sunday 1 shift from 9am -2pm and 2 shifts from 2pm until done

**Sherm Taylor Scholarship Endowment**

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It is still listed in the Nuts & Bolts section of this newsletter. His sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, you can make a donation either on-line or checks can be made out to the Chaffey College Foundation & mailed to the address below:

On-line at <https://chaffey.kindful.com/?campaign=1118679>

Snail mail to Chaffey College Foundation  
5885 Haven Ave,

Please note Sherm Taylor scholarship in the memo section.

REMANUFACTURING SERVICE  
1967-1976 A-BODY  
1962-1978 B-BODY  
1970-1974 E-BODY

Why buy Taiwan made reproductions when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 25 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1976 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1978 B-body, 1970-1974 E-body. I can refurbish your old hinges with quick turn-over time.

Cores are occasionally available for an additional cost. Check with us first.

Refurbish process:

- \* Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards (undamaged, unaltered, rebuildable). If they pass inspection: then I remove door check pins (these are pressed in and must be cut out). Remove pins and bushings in upper hinges.
- \* Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.
- \* Install new roller pins by MIG welding with new wave springs and refurbished rollers.
- \* Tighten upper hinges.
- \* Prime hinges with automotive grade primer, compatible with enamel or lacquer.
- \* Install new Oil-lite bronze bushings and new pins in upper hinges.
- \* Lube all pins and other moving parts with a Teflon lube.
- \* Install pins and "S" lower pivot springs.
- \* Chase all threads with proper sized thread chaser die.
- \* Mark hinge install location on hinge bottoms.
- \* Package in moisture proof, sealed heavy thickness transparent packaging.
- \* Box up, enclose packing slip, install and adjust instructions from service manual.
- \* Ship out by US Priority Mail.

Mention you are a member of Inland Mopars Car, FABO, FBBO, FEBO or E-Bodies.org and receive a member discount off of 2022 retail prices (effective January 1, 2022):

- 1970 Challenger (only) SE, WSS, OEM, rear finish panel. These are not reproduced and are a must to restore a '70 Challenger Special Edition car. The one I have has been professionally restored and is ready for application. I am asking \$1,200.00 which is a fair price for something made of unobtainium. NOS can reach \$2,000.00. I do not have the factory fasteners available. These are just as hard to find.
