President's Message

It Is Time to All Come Together for the Good of Our Annual Car Show

This may be shorter than usual, but the message is more important than normal...

Several weeks ago we had a planning meeting for our annual charity-benefit car show. The meeting should have been a final planning meeting following our initial meeting several months ago, but in reality it ended up being the first meeting with a new car show chairman. We had several new club members attend their very first meeting of any kind with Inland Mopars. Thank you to Gene and Susan Endo who made the drive from Torrance, and to Eric Sandberg who came from Glendale. All promised to help out with our car show and Eric promised to also bring his son. Thank you to all. We need all of our club members to come out to help in order to make our annual event a success.

Concerns were raised that due to the economy and the radical recent increase in fuel prices that we may not have the participant turnout that we had at our 2021 car show. Because of that the decision was made to open the show to also include day-of-show registration rather than the originally planned only pre-registration only. As this is written, we currently have 110 pre-registered car show entries.

Paul Roddy, our 2022 car show chairman is scheduled to meet with the new Director of Real Estate at the Southwest Carpenters Regional Training Center in Ontario to go over the site plans of our upcoming car show.

Thank you to club member David Miller for coming through with the arrangements for porta-potties for our show.

Please make every effort to attend our May monthly club meeting since this will be the final opportunity to fine tune our car show plans.

 - The owner of the "Grumpy Cat" racecar approached Sil about "Rambo" and said he had 5 Rampage's at his shop and was looking for info on putting a late model Hemi into one for a street driver and was impressed with the workmanship on Sil's car.

Steve's Dart won an award, which happened to have the front of Bill's car on it from last years show.
- **Annual Unholiday Party** - Saturday March 12th wasn't discussed or no minutes taken.

 - April 23rd & 24th - 34th Annual Spring Fling at Woodley Park in Van Nuys. Leo T will be going out as a swapper with his hinge repair items and will have Mopars in May flyers.
 - April 29th & 30th - Show and Go in downtown Riverside. Bill and Debbie going.
 - April 30th - Grace Yokley School Music Car Show in Ontario. Benefits the school music program. So far Mike and Bill are going.
- **May 28th** - A Flag for Every Hero at the Riverside National Cemetery. Ken was contacted on March 22nd by the organization that runs the event called "Honoring Our Fallen" about sponsoring some flags. Ken let us know about cost which is .75 each. The club voted to buy 200 flags for \$150. Sam gave Ken a check to send. Getting back to "Honoring Our Fallen", should we offer them a free spot at the Mopars in May show to solicit funds for their organization? Club voted yes.
- **Mopars in May** - May 15th at the Southwest Carpenters Training Center in Ontario.
 - A couple of days after the April meeting, Jason resigned as car show chairman.
 - Ken sent out an email to the 28 paid dues members in California and Arizona asking 2 questions:
 - Should have a show this year? Responses 25 replies back. 22 yes, and 3 No.
 - Will you pledge your personal support to work the show? Replies, 26 yes and 14 No.
 - Ken was looking for at least a 50% commitment or to cancel the show. So, it is on.
 - Registrations as of April 3rd.
 - 68 show car registrations on line: 15 Classic and 53 Modern. 2 Swapper registrations.

Meeting Minutes - April (cont)

Continued from Page 5

Annual Club Activities/Business Status Reports/Upcoming Events (cont)

- Mopars in May (cont)
 - Registrations as of April 3rd (cont)
 - 10 show car mail-in registrations: 5 Classic and 5 Modern. Also had 1 swapper, 1 vendor, 4 food vendors.
 - We need to check with Jason on what information he may already have.
 - Paul contacted Ken and volunteered to be the car show chairman. The attending members approved, voting yes. Ken suggested that Paul be a coordinator of the show, with positive support for the show from the members.
 - Ken asked Mike if Fort Irwin has any volunteers yet. Hadn't heard yet.
 - Ken also asked if San Diego Mopar's would have any help for us as well. Mike was aware of 3 judges so far.
 - DC passed on his show ideas to Paul.
 - Paul suggested that he would assign the different activities and those people would handle all aspects of it.
 - Lonnie is almost done with all the trophy's but didn't want to handle the plaque sponsors or handling the money. \$25 to sponsor each. Barbara T. offered to do that.
 - Jim suggested a 5-person committee to do the logistics work for the show. Paul suggested a planning meeting at his house next weekend at 1pm.
 - It was suggested that we contact the car show DJ about bringing more speakers this year. Last year there were only 2 speakers and they were on one side of the show (NOT TRUE). So the music was very loud in that area and couldn't be heard in the other.
 - Leo brought up that the car show registrations were being cut off about a month before the show and was concerned that we would be limiting the number of cars that could be in the show too much and we need as many cars as possible. And that this was a fundraising event and he felt we were cutting off too many opportunities to raise more funds. Mike said that we needed the lead time to make sure that we had enough time for t-shirts to be printed for those who pre-registered. Sam suggested that maybe we didn't need t-shirts for everyone if that limited registration time. Leo said that we seem to just be limiting ourselves on more and more stuff.
 - Front gate: Debbie said "when you get people to come up to the front to help and you get everyone to do what they need to do, because, it's a lot. I've done it 20 years and we get people who say they will help and they don't". Leo said that is why we need to try to get a stronger commitment than just an email reply.
 - Ken said that Joey needs to get Paul's name on the show flyer instead of Jason's. Mike said he would update the flyer and send it to Joey.
 - Paul passed out a duty sheet so people could write down what they want to do.

Round Table:

- Lonnie suggested for a club activity a place that he and Robin went to. A little car museum around Escondido. It's a little winery. The owners claim to have the largest convertible car collection. All types. 4 little buildings. A big radio collection. A large old TV collection. Parking lot, Picnic benches. (Deer Park Winery & Auto Museum)

There being no further business, the meeting was adjourned at 11:18 am.

Respectfully submitted,
Barbara & Leo Tafoya, Secretary (Team Tafoya)

Next Rambo Project? submitted by Ed Sobiecki

Now that Rambo is finished, Ed Sobiecki thought that the attached Hemmings article might give Sil Brander an idea of what his next project could be, Carol's 1959 Metropolitan.

Hot Wheels crowns a new Legends Tour winner to be turned into a die-cast model

By [Mike Austin](#) on Nov 6th, 2019 at 2:50 pm

For the second year in a row, the [Hot Wheels Legends Tour](#) picked one car to be immortalized as a 1:64 scale die-cast toy car at the SEMA Show. This time around, the finalists came from 20 different car shows in the United States and Mexico. The grand prize went to this 1957 Nash Metropolitan, built by Greg Salzillo and Greg Ford. The finalist judging panel was packed with automotive celebrities, including Jay Leno, Adam Carolla, Richard Rawlings, Dave Marek, and Peter Brock.

Continued on Page 9

Next Rambo Project? (cont)

This little Nash Metro has a small block Chevy 305 under the hood, making around 300 horsepower, with headers poking out of the front fenders. It also has bias-ply tires sticking clear of the bodywork, and, of course, the big pair of dice air cleaners atop the twin carburetors. The car was briefly purchased by Richard Rawlings to appear on an episode of *Fast N' Loud*, but when those plans fell through, the two Gregs bought the car back

Is that too much motor for the tires? Does the exhaust dump exhaust fumes right in through the windows? The answer is that it doesn't matter. The cars on the Legends Tours are meant to be real-life Hot Wheels, so practicality isn't as much of a factor as creativity. The finalist were selected from each of the regional shows, each judged on an equally weighted five factors: The Hot Wheels Story behind your build, design, authenticity, garage spirit, and performance and fun.

Van T Barfoot died... submitted by Pat from Old Farts

Remember the guy who wouldn't take the flag pole down on his Virginia property a while back? You might remember the news story several months ago about a crotchety old man in Virginia who defied his local Homeowners Association, and refused to take down the flag pole on his property along with the large American flag he flew on it.

Now we learn who that old man was.

On June 15, 1919, Van T. Barfoot was born in Edinburg, Texas. That probably didn't make news back Then. But twenty-five years later, on May 23, 1944, near Carano, Italy, that same Van T. Barfoot, who had in 1940 enlisted in the U.S. Army, set out alone to flank German machine gun positions from which gunfire was raining down on his fellow soldiers.

His advance took him through a minefield but having done so, he proceeded

Van T Barfoot (cont)

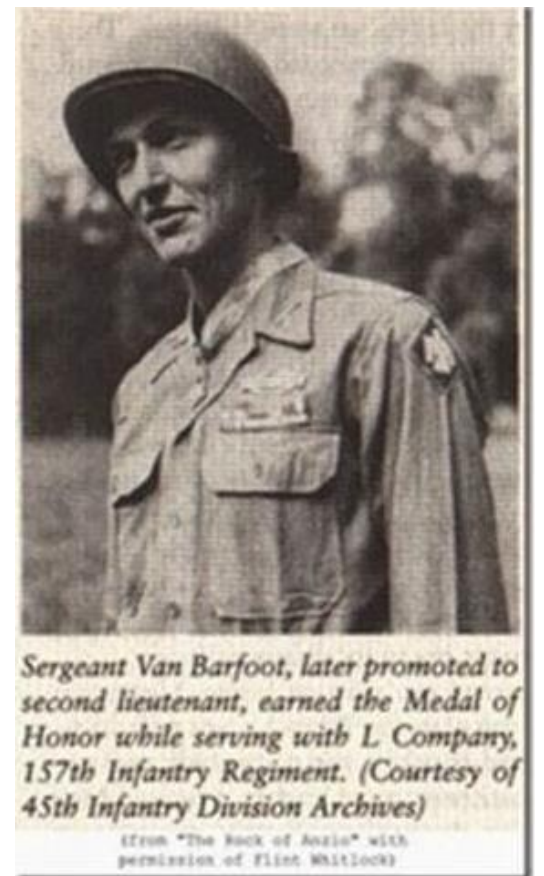

to single-handedly take out three enemy machine gun positions, returning with 17 prisoners of war.

And if that weren't enough for a day's work, he later took on and destroyed three German tanks sent to retake the machine gun positions.

That probably didn't make much news either, given the scope of the war, but it did earn Van T. Barfoot, who retired as a Colonel after also serving in Korea and Vietnam, a well deserved Congressional Medal of Honor.

What did make news...was his Neighborhood Association's quibble with how the 90-year-old veteran chose to fly the American flag outside his suburban Virginia home. Seems the HOA rules said it was OK to fly a flag on a house-mounted bracket, but, for decorum, items such as Barfoot's 21-foot flagpole were "unsuitable".

Van Barfoot had been denied a permit for the pole, but erected it anyway and was facing court action unless he agreed to take it down.

Van T Barfoot (cont)

Then the HOA Story made national TV, and the Neighborhood Association rethought its position and agreed to indulge this aging hero who dwelt among them.

"In the Time I have left", he said to the Associated Press, "I plan to continue to fly the American flag without interference."

As well he should. And if any of his neighbors had taken a notion to contest him further, they might have done well to read his Medal of Honor citation first. Seems it indicates Mr. Van Barfoot wasn't particularly good at backing down.

Sherm Taylor Scholarship Endowment

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It is still listed in the Nuts & Bolts section of this newsletter. His sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, you can make a donation either on-line or checks can be made out to the Chaffey College Foundation & mailed to the address below:

USA MOPAR DOOR HINGE
REMANUFACTURING SERVICE
1967-1976 A-BODY
1962-1978 B-BODY
1970-1974 E-BODY

Why buy Taiwan made reproductions when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 25 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1976 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1978 B-body, 1970-1974 E-body. I can refurbish your old hinges with quick turn-over time.

Cores are occasionally available for an additional cost. Check with us first.

Refurbish process:

- * Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards (undamaged, unaltered, rebuildable). If they pass inspection: then I remove door check pins (these are pressed in and must be cut out). Remove pins and bushings in upper hinges.
- * Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.
- * Install new roller pins by MIG welding with new wave springs and refurbished rollers.
- * Tighten upper hinges.
- * Prime hinges with Automotive grade primer. Compatible with enamel or lacquer.
- * Install new Oil-lite bronze bushings and new pins in upper hinges.
- * Lube all pins and other moving parts with a Teflon lube.
- * Install pins and "S" lower pivot springs.
- * Chase all threads with proper sized thread chaser die.
- * Mark hinge install location on hinge bottoms.
- * Package in moisture proof, sealed heavy thickness transparent packaging.
- * Box up, enclose packing slip, install and adjust instructions from service manual.
- * Ship out by US Priority Mail.

Mention you are a member of Inland Mopars Car, FABO, FBBO, FEBO or E-Bodies.org and receive a member discount off of 2022 retail prices (effective January 1, 2022):
