President's Message

Ken Hamer

And A Good Time Was Had By All

Well, all those that participated.

Our June club activity as confirmed by club member vote was a visit to the Deer Park Winery and Auto Museum in Escondido on June 25. Lonnie and Robin Clabaugh, Bill and Debbie Whitson, and I met at the traditional assembly location off of the I-15 freeway in Temecula for club activities destinations south of Orange and Riverside counties. We caravanned south for the short drive to our destination and arrived about 20 minutes before the gates were opened.

Deer Park Winery and Auto Museum bills itself as the "World's Largest Auto Museum of convertibles and Americana". Their collection is featured in three separate buildings accessible by way of a walk through a vineyard area. In addition to convertibles from Mopar, Ford and General Motors vehicles we also saw what they call their "orphan cars": Studebaker, Packard, Pierce Arrow and others. Their display also includes a great collection of signs, both neon and unlit, from most auto manufacturers.

In addition to all of the cars, they also have a wonderful collection of Americana from the 20th century that brought back memories for all of us: bicycles, household appliances from days gone by, vintage televisions, radios, phonographs, cameras, movie projectors, Coca-Cola memorabilia, and a Barbie doll collection. They also had vintage auto diagnostic and service equipment items throughout the various displays.

Check out their website, www.deerparkwine.com, for pictures if you were not able to attend.

The current gasoline prices are discouraging to both extended and non-essential driving but sometimes we just need to get out of the house and do something fun. Our visit to Deer Park Winery and Auto Museum was certainly that. We need to do more of this type of activity as a club.

On another subject, I am sure we have all seen a couple of recent emails from club members mentioning they are resigning from Inland Mopars because they either feel they do not have time to attend either meetings or activities, or they may have sold their Mopar.

Continued on Page 3

President's Message (cont)

Continued from Page 1

Inland Mopars Car Club does not have either a mandatory attendance requirement for either club meetings or activities. Neither is ownership of a Mopar vehicle a requisite for club membership. Article I of our club Constitution and By Laws specifically states:

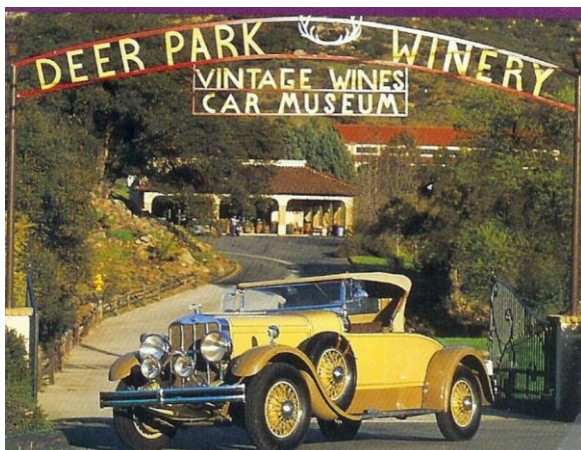

1. The purpose of this club is for the preservation and enjoyment of Chrysler products: namely, Chrysler, Imperial, Dodge, DeSoto, Plymouth, AMC, Jeep and related cars and trucks manufactured by divisions or companies purchased by Chrysler Corporation.

Again, there is not a stipulation requiring either ownership of a Mopar vehicle or mandatory attendance or participation.

Reminders:

- Sam Frisby will happily accept your 2022 club dues if you have not yet paid
- Our July club meeting was moved to July 10 due to the 3-day 4th of July holiday weekend. The club meeting will be held at our usual location, the banquet room at Cactus Cantina restaurant in Riverside. 9am for breakfast with the meeting getting started as close to 10am as possible. Our July 10 meeting date was confirmed with the fine folks at Cactus Cantina.

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation - and both our annual car show and toy drive - is a direct reflection of the membership //

Meeting Minutes – June (none submitted)

SEMA - COVID-19's Unexpected Automotive Consequences New Legislative Proposals Target Street Racing, Loud Vehicles

By Christian Robinson Reprinted from the SEMA News - August 2021

When the COVID-19 pandemic took hold in early 2020 and stay-at-home orders became the new normal, many Americans suddenly found themselves stuck at home with spare time on their hands. Often, that meant new hobbies or binging on classic TV shows. For gearheads across the country, it was a new opportunity to put in quality time on the project car that had been collecting dust in the garage. As a result, many manufacturers in the automotive specialty-equipment aftermarket experienced boom markets. Unfortunately, not all of the automotive trends to emerge from the pandemic were positive, especially when it came to state legislation

Illegal street racing took off during the pandemic, sometimes to deadly effect. Photo courtesy: Shutterstock.com

The early days of the COVID-19 pandemic were uncharted territory for most Americans. Business as usual had been turned on its head by wide-ranging shutdown orders. Unless travel was "essential," Americans were told to remain at home. As a result, roadways were eerily empty. While most people heeded instructions to limit their time spent out and about, others saw an opportunity to behave badly.

Illegal street racing took off during the pandemic, sometimes to deadly effect. In New York City, incidents of illegal racing increased 500% from 2019, while the city of Albuquerque, New Mexico, handed out thousands of tickets during a crackdown last fall. In Arizona, Georgia and Oregon, innocent bystanders lost their lives after being struck by out-of-control racers. As a result, at least a dozen states have taken up measures to crack down on those who feel the need to turn public roadways into their own personal dragstrips.

While most states already have laws on the books making street racing illegal, the latest efforts sought to increase and expand the penalties, including substantially raising fines and jail time, seizing vehicles, and enforcement against all who were involved in the practice, even if they weren't behind the wheel.

SEMA has long held that all racing should take place on the track and not on public roads. While none of 2021's proposals to curb illegal street racing impact law-abiding enthusiasts, the association continues to monitor and track such legislation in all 50 states. To see if your state is considering new restrictions on street racing, please visit www.SEMAsan.com/legislation.

Bills targeting illegal street racing weren't the only automotive trend emanating from state capitols this year as a result of COVID-19. Motor vehicle exhaust noise also found itself in the crosshairs.

For many workers across the country, the pandemic meant an unexpected shift to remote work. Office settings suddenly changed from cubicles to dining-room tables, with business being conducted on Zoom. Not only that, but people were forced to exercise in the great outdoors while gyms and

SEMA - Consequences (cont)

Continued from Page 4

fitness centers were closed. Additionally, an evening spent at a local eatery meant dining al fresco. As a result, people became far more aware of their surroundings and the noises that come with them, especially from cars and trucks.

So far in 2021, 11 states have introduced bills aiming to curb the amount of noise emitted from a vehicle's muffler. While no two states' means of achieving that goal have been identical, they all have one thing in common: They were requested by constituents upset by loud vehicles in their communities.

In some instances, that presented an opportunity for SEMA to promote its model legislation, which sets a reasonable exhaust noise limit of 95 decibels when using an objective Society of Automotive Engineers test. Georgia, Maryland, Hawaii and Texas each opted to go that route, which sets the bar high enough to allow enthusiasts to enjoy their passion.

However, some lawmakers had their own ideas in mind when it came to regulating muffler noise. In New York, Nevada, Vermont and Oregon, legislators proposed banning any modification to a vehicle's exhaust system that made it louder than when it left the dealership.

That approach is problematic for several reasons. For starters, it sets hundreds if not thousands of exhaust noise standards for police to enforce. For example, a midsize family sedan may emit 80 decibels of noise, while a high-performance sports car emits 95 decibels. It is unreasonable to expect law enforcement to know the factory noise level for thousands of makes and models.

Worse, the owner of the same sedan may install a new cat-back exhaust system made by a SEMA-member company that marginally increases the vehicle's noise. If those states had their way, the modified grocery getter would be illegal while the louder stock sports car would pass muster. It simply defies logic.

Fortunately for SEMA-member companies and enthusiasts alike, SEMA's Government Affairs staff has been successful thus far in killing or amending any onerous proposals before they become law. Why? SEMA's position on exhaust noise is well established.

For decades, SEMA's Government Affairs team has successfully worked to ensure that states enact reasonable muffler noise laws that are not burdensome to the industry while not creating a nuisance for local communities. Successfully enacted in states such as California, Maine and Montana, SEMA's model bill sets one exhaust noise limit (95 decibels) and uses an objective test procedure (SAE J1492) to determine compliance. The more states that enact the bill, the easier it is to get others to do the same.

Has your home state enacted SEMA's exhaust noise model bill? To learn more, contact Christian Robinson with SEMA Government Affairs at christianr@sema.org, or find out by visiting www.semasan.com/resources/exhaust-noise-laws-state.

Some lawmakers had their own ideas in mind when it came to regulating muffler noise. In New York, Nevada, Vermont and Oregon, legislators proposed banning any modification to a vehicle's exhaust system that made it louder than when it left the dealership.

THE FREEDOM TO CUSTOMIZE YOUR CAR OR TRUCK IS IN JEOPARDY

Your support will help us defend your automotive rights whenever they are under attack! EPA overreach, electric-vehicle mandates, banning off-roading and your right to modify your vehicle are all on the agenda. It's essential that you have a voice in each of these fights.

HERE ARE JUST A FEW EXAMPLES OF YOUR AUTOMOTIVE RIGHTS BEING THREATENED:

- 12 states, including California, want to [ban new gas-powered vehicles](#)
- Hundreds of thousands of acres for [off-roading recreation trails have been eliminated](#)
- 11 states introduced bills in 2021 to [crack down on your car's or truck's noise](#)
- You are being locked out of your vehicles computer and [prevented from customizing](#) your new car or truck
- In parts of the country, you no longer have the [freedom to change your oil](#) in your own garage

BECOME A SEMA INDIVIDUAL MEMBER AND JOIN THE FIGHT TO PROTECT YOUR AUTOMOTIVE RIGHTS!

Events You Didn't Go To

Cruzin 4 Brews II

Sunday June 5th I was headed towards the South Bay for a show in downtown Torrance, looking forward to a little cooler weather. Steve Ruiz & I met up a couple of blocks from the entrance to the Cruzin 4 Brews II Car Show put on by the Legends Car Club. It is an open show that had lots of customs & low riders, along with hot rods. Typical of an open show with a couple of hundred cars there were seven Mopars. Lots of nice cars and people. Held in downtown Torrance there were several choices of where to eat. The La Capilla Mexican Restaurant was where I had been many times when I worked in that area so that was my choice for lunch.

Best Mopar was a '70 Charger that had been closed up tighter than a drum for the whole show. Yes I would go again. The South Bay isn't a bad place to be when it is high 90's in the Inland Empire.

Mopar Car Show at Lions Museum

On Saturday June 25th, I picked up Bill Heckman and we headed off to meet Steve Ruiz and his brother George for breakfast at the Happy Boy Grill across the street from the Lions Automobilia Foundation Museum. The museum commemorates Lions Dragstrip, which would have been just a couple of miles away in Wilmington, from 1955 to 1972. Lots of history there. I actually have a class winner gold fender cover from late 1968/early 1969 when I had my 1966 Dodge Dart GT. This was before I got married and didn't get on a dragstrip for another 40 years.

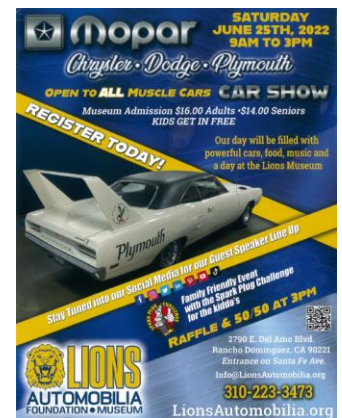

After breakfast we headed to the museum & got parked in a nice shady spot. South Bay Mopars was the host club and had over a dozen cars in

attendance. Since this was one of the first events being put on by the museum since COVID, attendance wasn't as great as it should have been. In addition to South Bay Mopars and Inland Mopars, representatives from CPW were also there as well some of the local independents. Bob Mazzolini was there as a guest speaker.

The Lions Automobilia Foundation and Museum was founded in December 2019 by Southern California businessman and car enthusiast, Rick Lorenzen. It's nearly 100,000 sq. ft. facility includes galleries featuring Southern California's infamous car culture and motorsports history. The experience begins as you walk in thru a 1960's speed shop with genuine parts hanging off the walls and then enter the Main Street Gallery lined with classic automobiles parked in front of a 1950's diner. The visitor experience has been described as mind-blowing, as each gallery reveals the human experience with the automobile. Lions is more than just a museum. The Lions Automobilia Foundation takes preserving automotive history to the next level with its onsite restoration facility. As you walk through the galleries, you will find that many of the vehicles on display were restored by the Lions Team. Rick has one the largest, if not the largest, Willys collections in the world. Many are on display in their own gallery.

Fort Irwin Toy Drive 2022

The toy drive for Fort Irwin is starting to look for toy donation drop off box locations. We have some already committed after the 2021 toy drive. If you know of a business that you think might like to have a donation box on their premises, please let me know. We have dates booked for the Ramona Tire Get Together and the Mopars and Friends at MoTech Performance events. See the March 2022 Scat Pack Newsletter for a listing of known clubs that participated in the 2021 toy drive.

As you can see from the schedule below, the toy drive consumes months of planning and coordination between clubs, businesses, toy donation box locations, as well as Fort Irwin. Planning has started for 2022.

<p>2022 Toy Drive Event Schedule:</p>	<p>May 15 - Mopars in May, Inland Mopars, Ontario (happened)</p> <p>August 20 - Heroes & Hot Rods, Anaheim</p> <p>October 15 - Champion Cooling Systems, Lake Elsinore</p> <p>November 12 - Ramona Tire, Rancho Cucamonga</p> <p>November 19 - Mopars at MoTech Performance, Murrieta</p> <p>November 20 - Riverside Cars & Coffee at J&M Speed Center</p> <p>December 3 - The Zimmerman Automobile Driving Museum, El Segundo</p> <p>December 9 - Set up for the Toy Drive & Pot Luck at the Longs</p> <p>December 10 - Toy Drive & Pot Luck at the Longs</p> <p>December tbd - Toy Delivery to Fort Irwin</p> <p>December tbd - Highway 39 Event Center Car Show & Toy Drive, Anaheim</p> <p>December tbd - Jess Ranch Marketplace Holiday Car Show & Toy Drive, Apple Valley</p> <p>December tbd - If necessary, second Toy Delivery to Fort Irwin</p> <p>January tbd - Christmas in January toy distribution at Fort Irwin</p>
---	--

Fort Irwin Toy Drive 2022 (cont)

Please support the businesses below that supported the Fort Irwin toy drive with a toy donation box on their premises. Almost half of these will be having boxes for the 2022 toy drive.

Sherm Taylor Scholarship Endowment

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It is still listed in the Nuts & Bolts section of this newsletter. His sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, you can make a donation either on-line or checks can be made out to the Chaffey College Foundation & mailed to the address below:

On-line at <https://chaffey.kindful.com/?campaign=1118679>

Snail mail to Chaffey College Foundation
5885 Haven Ave,
Rancho Cucamonga, CA 91737

Please note Sherm Taylor scholarship in the memo section.

YouthHope Foundation is an independent, certified 501(c)(3) non-profit organization. The organization was established in 2009 to build confidence and promote self-sufficiency for homeless, runaway, and at-risk youth, ages 14-24 by providing trust, hope, support, and education. YouthHope was established to provide a support system for youth in a safe and caring environment so they may grow to be healthy, self-sustaining adults.

<p>MoparLeo's Parts</p>  <p>11308 Evans Court Moreno Valley, Ca. 92555-5249 moparleo@hotmail.com</p>	<p>Leo Tafoya Cell (951) 413-4775 USA MOPAR DOOR HINGE REMANUFACTURING SERVICE 1967-1976 A-BODY 1962-1978 B-BODY 1970-1974 E-BODY</p>
---	---

Why buy Taiwan made reproductions when you can get the highest quality remanufactured door hinges, using only original, Mopar made hinge cores.

I Remanufacture a complete line of Mopar application only door hinges using only new, high quality US made components. No import parts ever.

Over 25 years experience remanufacturing Mopar only door hinges.

I remanufacture the following hinge applications: 1967-1976 A-body, 1962-1965 B-body, 1967-1970 B-body, 1971-1978 B-body, 1970-1974 E-body. I can refurbish your old hinges with quick turn-over time.

Cores are occasionally available for an additional cost. Check with us first.

Refurbish process:

- * Disassemble and inspect for damage or excessive wear or rust pitting. Must meet my quality standards (undamaged, unaltered, rebuildable). If they pass inspection: then I remove door check pins (these are pressed in and must be cut out). Remove pins and bushings in upper hinges.
- * Square up hinge bodies. Bore & ream to fit oversized pivot pins in lower hinges. NO BUSHINGS.
- * Install new roller pins by MIG welding with new wave springs and refurbished rollers.
- * Tighten upper hinges.
- * Prime hinges with Automotive grade primer. Compatible with enamel or lacquer.
- * Install new Oil-lite bronze bushings and new pins in upper hinges.
- * Lube all pins and other moving parts with a Teflon lube.
- * Install pins and "S" lower pivot springs.
- * Chase all threads with proper sized thread chaser die.
- * Mark hinge install location on hinge bottoms.
- * Package in moisture proof, sealed heavy thickness transparent packaging.
- * Box up, enclose packing slip, install and adjust instructions from service manual.
- * Ship out by US Priority Mail.

Mention you are a member of Inland Mopars Car, FABO, FBBO, FEBO or E-Bodies.org and receive a member discount off of 2022 retail prices (effective January 1, 2022):

A-body 67-76 Retail \$239.00	Member price \$209.00
B-body 62-65 Retail \$239.00	Member price \$209.00
B-body 67-70 Retail \$239.00	Member price \$209.00
B-body 71-78 Retail \$269.00	Member price \$239.00
E-body 70-74 Retail \$239.00	Member price \$239.00

All prices are exchange plus refundable core charge plus Priority Mail shipping. PAY-PAL, Postal Money Orders accepted.

Also door springs are available.

Thank you for all of your prior and future business: REMEMBER-MOPAR OR NO CAR.
