President's Message

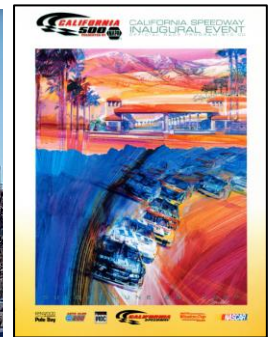

Ken Hamer

...and now it's gone (Part 2)

But first, Reminders:

- *Sam Frisby will happily accept your 2023 club dues*
- *Our March club meeting is scheduled for Sunday, March 5. It will be held at our usual location, the banquet room at Cactus Cantina restaurant in Riverside. 9am for breakfast with the meeting getting started as close to 10am as possible.*

You may not be a fan of NASCAR but the 2-mile D-shaped oval at Auto Club raceway in Fontana provided some outstanding high-speed racing since the track was built by Roger Penske and first opened as California Speedway in 1997. The track is now owned and operated by NASCAR who, in their infinite "wisdom", have made the decision to convert the existing configuration to a half-mile short track configuration for future events.

At one time the property featured not only the 2-mile oval but also a multipurpose road course in the infield of the oval and a quarter-mile dragstrip at the north end of the property. The dragstrip closed in 2021 and now the oval and road courses will soon be gone. Progress?

Left: Bobby Labonte at California Speedway in 2006.

Right: Kasey Kahne wins 2007 Fontana race in a Dodge.

Recent club business developments since the February club meeting:

- The 2023 Grand National Roadster Show was another success and their donation to Inland Mopars was received in the mail. You will be able to see a big smile from Treasurer Sam Frisby at the March club meeting. A huge "Thank You" to all club members who worked the show.

Recent club business developments since the February club meeting (cont):

- Check out the February club meeting minutes to see the award winners that showed their Mopars in our annual club display at GNRS.
- As mentioned in the February Presidents Message, the club general liability insurance policy through Hagerty Insurance is now in effect and continues to February 6, 2024. Please contact me directly if you have any questions regarding our general liability insurance.
- Plans continue to develop for our upcoming "Mopars In May" charity-benefit car show scheduled for May 21, 2023. Both the show date and venue have been confirmed and secured. Discussions continued at the February club meeting and will continue further at upcoming club meetings. Car Show Chairman Gene Endo is doing a great job with the planning, development and coordination of our 2023 car show. We will need the help of all club members to once again put on the very best all-Mopar car show in the Inland Empire, so please make every effort to be at each of the upcoming club meetings leading up to our 2023 "Mopars In May" show.
- It was decided at the February club meeting to make the In-N-Out Burger 75th anniversary event at Pomona our official club activity for October. This event is scheduled for October 22 at In-N-Out Burger Pomona Dragstrip. More information will be available as it is released. We really need to have as many Inland Mopar club vehicles attend as possible.

Once again, *please* bring some suggestions for monthly club activities to our March club meeting so we can expand our activity calendar for 2023...and remember, monthly club activities *DO NOT HAVE TO BE CAR RELATED!* What do you really enjoy that you would like to share with club members? Research what your city may offer and bring the information to our club meeting.

Here's a new thought, what do you think of a minor league baseball game. We have several teams in the Inland Empire area:

- Inland Empire 66ers (San Bernardino) - Single A affiliate of the Los Angeles Angels
- Lake Elsinore Storm - Single A affiliate of the San Diego Padres
- Rancho Cucamonga Quakes - Single A affiliate of the Los Angeles Dodgers

Let's plan some fun activities!

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the membership //

They Walk Among Us submitted by Ken Hamer from a post on FABO

I was at the checkout of a local Walmart. The cashier rang up \$46.64 in charges. I gave her a fifty dollar bill. She gave me back \$46.64. I gave the money back to her and told her that she had made a mistake in MY favor. She became indignant and informed me she was educated and knew what she was doing, and she returned the money again. I gave her the money back -- same scenario! I departed the store with the \$46.64.

They walk among us!

I walked into a Starbucks with a buy-one-get-one-free coupon for a Grand Latte. I handed it to the girl and she looked over at a little chalkboard that said, 'buy one - get one free'.

"They're already buy-one-get-one-free," she said, "so I guess they're both free."

She handed me my free lattes, and I walked out the door.

They walk among us!

One day I was walking down the beach with some friends, when one of them shouted, "Look at that dead bird!"

Someone looked up at the sky and asked, "Where?"

They walk among us!

While looking at a house, my brother asked the real estate agent which direction was north; because, he explained, he didn't want the sun waking him up every morning.

She asked, "Does the sun rise in the north?"

When my brother explained that the sun rises in the east, and has for some time; she shook her head and said, "Oh, I don't keep up with all that stuff."

They walk among us!

My sister has a lifesaving tool in her car designed to cut through a seat belt if she gets trapped.

She keeps it in the trunk.

I used to work in technical support for a 24/7 call center. One day I got a call from an individual who asked what hours the call center was open. I told him, "The number you dialed is open 24 hours a day, 7 days a week."

He responded, "Is that Eastern or Pacific time?"

Wanting to end the call quickly, I said, "Uh, Pacific."

They walk among us!

My friends and I went out to buy beer and noticed that the cases were discounted 10%. Since it was a big party, we bought two cases.

The cashier multiplied two times 10% and gave us a 20% discount.

They walk among us!

I couldn't find my luggage at the airport baggage area, so I went to the lost luggage office and told the woman there that my bags never showed up. She smiled and told me not to worry because she was a trained professional and I was in good hands.

"Now," she asked me, "has your plane arrived yet?"

So I replied, "No, ma'am, the pilot told us we're circling the airport, 3rd in line to land."

They walk among us!

While working at a pizza place, I observed a man ordering a small pizza to go. He appeared to be alone, and the cook asked him if he would like it cut into four or six pieces.

He thought about it for some time before responding, "Just cut it into four pieces. I don't think I'm hungry enough to eat six pieces."

They walk among us!

More RAM Trucks

The Ram Prospector Could Be The Ultimate Truck For Work And Play

By **RANDY BOLIG** | FEBRUARY 13, 2023

When it comes to getting the ultimate vehicle, will going to your local dealer get you what you need, or do you need to find a custom builder to get your perfect truck? What if we told you that you can get a custom-built truck at your local Ram dealer? That's right, thanks to a collaboration between [American Expedition Vehicles](#) (AEV) and certain Ram dealers, you can have a custom "Prospector" Ram. Those of us "seasoned" readers can appreciate the Prospector name paying homage to earlier Dodge trucks.

The AEV Prospector is an upfitted Ram that is assembled in Michigan at AEV's factory. To get one, simply find an authorized dealer by looking on the AEV website, go to the dealer closest to you, and order yours. Since the truck comes from a dealer, the Prospector includes the Ram three-year/36,000-mile warranty.

The interior of the Prospector can remain OE or a leather upgrade is available.

Continued on Page 9

More RAM Trucks (cont)

All AEV products and vehicles pass OE-level testing in both real-world and controlled environments. AEV's goal is not just customization, but actual improvement in the look, functionality, and drivability of the original vehicle on every surface, from the interstate to the most difficult off-road terrain.

The Ram Prospector Uses A Heavy-Duty Platform

Based on the fifth-generation HD Ram 2500/3500, this highly equipped truck seamlessly melds daily work truck and recreational off-roader. With its capability to tame any off-road adventure while retaining OE-quality drivability on the road, the Prospector package could be the ultimate outdoorsman's truck. Since the truck is available through Ram dealers, you still have your choice of a diesel or "gasp" gasoline engine.

Each truck features a number of meticulously engineered upgrades to maximize the truck's versatility. Some of those include expedition-grade components like AEV's stamped steel front bumper that makes room for an available 16.5 winch, heavy-duty steel rear bumper, 3-inch DualSport RT suspension components, and 37-inch tall BFGoodrich tires. To say the AEV Prospector is up for any task or adventure that comes its way is an understatement.

When You Want Just Parts

If you prefer to build your own truck using some of AEV's products, individual parts are available through AEV or the company's parts dealers later in the year. This melding of work and play has created an everyday workhorse that can take you far beyond where the pavement ends.

AEV's guiding principles begin with innovation in design and quality in manufacturing. Several AEV parts were the first, and are still among the only, stamped steel accessories in the aftermarket, and all finishes are to OE standards in corrosion protection.

More RAM Trucks (cont)

According to AEV, the company remains steadfast in its dedication to American manufacturing and providing customers with the highest quality, most innovative off-road products available on the market today. At AEV, quality is the core value, and for more than two decades AEV's adherence to this principle has been proven worldwide.

The Prospector incorporates some serious upgrades that make your truck a true off-road-capable workhorse

Front Bumper and Winch: The Prospector's AEV Front Bumper features a 4mm thick, stamped steel exterior which provides superior front-end protection and safely accommodates the optional Warn 16.5 winch. Two massive ductile-iron tow loops are designed to exceed all OE load specifications and also double as wear plates when sliding over steep obstacles.

Suspension: AEV's DualSport RT Suspension System delivers the best combination of ride quality and handling over a variety of terrain, without giving up any towing ability or payload. Through extensive R&D, both suspension and steering geometry is optimized, while maximizing wheel travel and gaining the additional lift height necessary to accommodate the Prospector's 37-inch tall BFGoodrich tires.

This is probably the best looking aftermarket bumper we've seen on the fifth-gen Ram HD.

Grand National Roadster Show 2023

As mentioned on Page 5 of the February Meeting Minutes, we once again had a club display in Building 8 of the Grand National Roadster Show in Pomona. With many of the club members having already displayed vehicles in the show multiple times, two in-progress vehicles were volunteered by Bill Heckman & Mike Keller. Hey, it was September, plenty of time to get the cars squared away for the show in February. Ha! Weather was an important factor. Too windy, too rainy, too cold.

Bill's '69 Road Runner project had been started & stopped numerous times over the years. It needed paint, along with a few minor other things. Engine had yet to be started. Wheels & tires were needed. The day before the show one of the tires put on the day before was flat. Valve stem.

Mike's '71 Demon needed an interior which had been partially removed back in July. The carpet kit had been in the box in the shed for probably 20 years, bought for another vehicle that was long gone. By the time the toy drive was over & he had stopped procrastinating, the weather was finally dry enough to get the car out of the garage. The temperature was in the 50's, not exactly optimum for installing carpet. Dynamat went in first. Carpet followed. If you closed your eyes and stood 20 feet away, the carpet looked okay.

Rich Mehas from Old Farts Racing Team volunteered to fill in for the missing Inland Mopars third car. Rich's '66 Coronet had been in the show before, looked good and drew a lot of attention. Thanks Rich.

So those were the vehicles in the Inland Mopars display. We had the usual flyer rack promoting shows for the next eight months. That took people's attention away from the interior of Mike's Demon.

Rich Mehas' '66 Coronet, First Place

Bill Heckman's original owner '69 Road Runner took home a class participant plaque

Evidently the flyer rack distraction worked because shock of the was Mike's '71 Demon took second in class

Sherm Taylor Scholarship Endowment

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It has been sold to club member Lonnie Clabaugh for use in the new 1968 Dodge Charger project. His sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, you can make a donation either on-line or checks can be made out to the Chaffey College Foundation & mailed to the address below:

It is official. Lifestream Blood Bank will have their mobile unit on-site at Mopars in May, Sunday May 21st, from 10 am to 2 pm. A blood donation appointment is recommended to cut down your wait time. You can call Lifestream at 800-879-4484 for an appointment but I suggest you wait until I have the reservation code for the event. There will also be a link to register online, which I am also waiting for. Plan on 45 minutes to an hour for the pre-screen, donation and canteen stay. Donors will be included in a special donors-only drawing.

- 1970 V Code Road Runner. See email below.

A member is selling this rare 1970 Pistol Grip 6bbl road runner that was destined to be dispatched during the Vietnam War but never did leave the USA. The dog tag on the radiator core support shows Plymouth was going to export the car. You never will see this most likely. I have worked on this car, and have driven the car. It's a very nice car. I have actually used the car on my car club website so it's easy to show the car off to people. You can pass this email on to your contacts and they can reach out to me directly and I will put the interested party in touch with my member then.

The car is FOR SALE at a firm price of \$100,000.00
