...and it comes with a full factory warranty

But first, Reminders:

- *Sam Frisby will happily accept your 2023 club dues*
- *Our April club meeting is scheduled for Sunday, April 2. It will be held at our usual location, the banquet room at Cactus Cantina restaurant in Riverside. 9am for breakfast with the meeting getting started as close to 10am as possible.*

More later about the warranty mentioned in the title.

First, a quick update on the recently completed "Musclecars at the Strip" event and weekend in Las Vegas. We had several club members attend this event that resulted in some exciting news. Bill and Debbie Whitson's 1964 Plymouth Fury brought home the 1st Place trophy for B-body Modified, and Sil & Carol Brander's 1959 Plymouth Belvedere won 2nd Place for Street Rod in the car show. Congratulations!

"Rambo", Sil and Carol Brander's Hellcat-powered 1984 Dodge Rampage made its first runs down the dragstrip. Make sure you're at the April club meeting to hear Sil's report about "Rambo".

From what I have read online, the weather this year was very cool with a fair amount of wind that made it seem even colder. But at least it was dry for the weekend. I also read that the event was a little shorter than past years. One of the posts I read was from an individual attending MATS for the first time. He took a \$40 Uber ride from his hotel on Sunday and got to the track about 1:00pm to find the car show field empty, the food vendors closed up, and the vendors all packing up. He said he watched some racing that was still going on before heading back to his hotel.

Club member Chris Thompson and his family also attended both MATS and the "Dodge Last Call Powered by Roadkill Nights" event that happened on Monday, the day following MATS. Chris raced his

Bits 'n Pieces: Mopars in May is a Go (same as last month)

The Carpenters Training Center has finally given us the okay to use their facility for our 22nd Annual Chrysler Car & Truck Show and Swap Meet. A request for a color guard from Fort Irwin has been submitted. In addition to the actual car show there will be a Vietnam War era helicopter display by the Vietnam Veterans of America Chapter 1024 and a day-long blood drive by LifeStream Blood Bank. The Patriots & Paws organization will be on-site promoting their organization and September car show. More info to come as we get closer to show time.

turbocharged 1968 Dart and won his class. Congratulations Chris! I saw a photo online of Chris holding his 'big win check'. Check with Chris the next time you see him for stories about the event.

At the "Dodge Last Call Powered by Roadkill Nights" event, Dodge did a live reveal of the ultimate, and final, 'Last Call' model of their gasoline-powered performance cars, the Dodge Challenger SRT Demon 170.

You can see it here: <https://www.youtube.com/watch?v=HbTCFj-N-CM> and read the article elsewhere in this newsletter.

Some highlights of this little grocery getter with 'Holy \$#!&' level performance are 1,025 horsepower @ 6,500rpm and 945 lb.-ft of torque @ 4,200 rpm from the 6.2-liter HEMI. This engine, plus all of the other engineered upgrades make this the world's quickest 0-60mph production car at 1.66 seconds. Acceleration like that should require Christmas Tree starting lights rather than generic red-green traffic lights at metered freeway onramps!

The Demon 170 also boasts the highest g-force acceleration of any production car at 2.004 Gs and is history's first-ever eight-second factory muscle car at 8.91 seconds elapsed time at 151.17mph. In fact, NHRA has already banned the Demon 170 in stock form from competition. You will need to install a roll cage before running on a NHRA-sanction dragstrip. Oh yeah, a parachute is available for purchase as a factory option.

Want to order one? Check out <https://www.dodgegarage.com/srt-demon-170> to see all the available exterior colors, graphic and interior options. Forged aluminum wheels are standard as are Mickey Thompson® drag radial tires. Carbon fiber wheels are available as an additional \$11,495 option. Pricing you ask? The U.S. MSRP is \$96,666 and only 3,300 will be available for the U.S. market. An additional 300 will be available in Canada with a Canadian MSRP of \$134,785.

And, yes, it does come with a full factory warranty.

You better hurry!

Plans continue to develop for our upcoming "Mopars In May" charity-benefit car show scheduled for May 21, 2023. Progress and discussions will continue at the April club meeting and will continue further at upcoming club meetings. Car Show Chairman Gene Endo is doing a great job with the planning, development and coordination of our 2023 car show. We will need the help of all club members to once again put on the very best all-Mopar car show in the Inland Empire so please make every effort to be at each of the upcoming club meetings leading up to our 2023 "Mopars In May" show.

As always, *please* bring some suggestions for monthly club activities to our April club meeting so we can expand our activity calendar for 2023...and remember, monthly club activities *DO NOT HAVE TO BE CAR RELATED!* What do you really enjoy that you would like to share with club members? Research what your city may offer and bring the information to our club meeting.

Let's plan some fun activities!

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the membership //

...and now it's gone (Part 3)

From the J&M Speed Center Facebook page:

We have had a successful 62 years of business and have decided it is time to close shop to move on to new adventures for our family.

We want to especially thank our customers, manufacturers, employees, and friends for your continued support.

We will be closing the doors on Saturday, March 25th, 2023.

Sincerely,
The Braybrooks Family

As most of you know we are closing our doors March 25th, please join us in a day of celebration and sales. March 25th 8am-2pm bring your cool rides and J&M shirts. We will be having a last day parking lot sale and be selling our last round of new shirts.

Musclecars at the Strip photos by Jerry Shory & Susan Endo

On March 17 to 19 the 2023 version of the *Musclecars at the Strip* was held in North Las Vegas. Initially known as *Mopars at the Strip*, a few years ago it morphed into *Musclecars* to get a dwindling attendance up, both vehicles and vendors. I had attended MATS from 2003 to 2018, sometimes playing in the Slant Six racing class. Other than in 2003, Inland Mopars took over the car show parking chores. We initially had plenty of bodies to do the two days of parking, but as the years went by the car show gate never closed, we got older and prices went up, the parking staff got smaller. 2019 was the last year we would do parking.

Covid took care of the 2020 & 2021 shows. 2021 went to a September night time event. It was hot. The gates didn't open until 4:00 in the afternoon and racing went to past midnight. Not a lot of favorable comments but the event was stuck for whatever time slot was available.

The 2022 event was back to the normal March/April timeframe. As Ken mentioned in his column, Bill & Debbie Whitson, son-in-law Jerry Shory (another "driver"), and Sil & Carol Brander took their vehicles. Chris Thompson used the weekend to race. Gene & Susan Endo went over as spectators. Not sure who else may have gone from the club. You will have to either be at the April club meeting or read the April meeting minutes in May to get their thoughts on the show.

Sherm Taylor Scholarship Endowment

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It has been sold to club member Lonnie Clabaugh for use in the new 1968 Dodge Charger project. His sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, you can make a donation either on-line or checks can be made out to the Chaffey College Foundation & mailed to the address below:

For Sale - Nevada

- 1970 V Code Road Runner. See email below.

A member is selling this rare 1970 Pistol Grip 6bbl road runner that was destined to be dispatched during the Vietnam War but never did leave the USA. The dog tag on the radiator core support shows Plymouth was going to export the car. You never will see this most likely. I have worked on this car, and have driven the car. It's a very nice car. I have actually used the car on my car club website so it's easy to show the car off to people. You can pass this email on to your contacts and they can reach out to me directly and I will put the interested party in touch with my member then.

The car is FOR SALE at a firm price of \$100,000.00
