President's Message

Ken Hamer

"Thank You", and Stuff

Reminder:

- *Sam Frisby will happily accept your 2025 club dues. Make Sam smile!*

First, I want to thank all of the club members who volunteered their time to work the Grand National Roadster Show souvenir concession booth as our 2025 primary club fundraiser. Your time and efforts were extremely important to Inland Mopars Car Club. Also, congratulations to the owners of the three club vehicles that were in our annual club display: Hollis and Bobbi Colleasure's 1968 Plymouth Barracuda (2nd Place trophy winner out of five cars entered in Class 205 Hardtop/Sedan 1965-69), Pat and Veronika Melendy's 1969 Plymouth Roadrunner (also contended in Class 205 Hardtop/Sedan 1965-69), and Chris and Shelby Kanyr's 1972 Plymouth Satellite (2nd Place trophy winner out of three cars entered in Class 622 Altered Restored). (See page 9.) If you were not able to attend the 2025 GNRS, you can see our club display starting at the 1:40:00 mark of the following video on YouTube:

<https://www.bing.com/videos/riverview/relatedvideo?q=2025+grand+national+roadster+show&mid=123A64E6124EE7720F7D123A64E6124EE7720F7D&mcid=65B60668E17C4DA29D87EA8CD50E02B2&FORM=VIRE>

A recent online article posted to the PowerNation email newsletter stated that, due to current market trends and consumer demands indicating America is not yet ready to let go of its passion for the sound, feel, and raw power of traditional internal combustion engines (ICE), Stellantis is pivoting and bringing back the rumble of traditional V8s and turbocharged six-cylinder engines. The article continues by saying we should expect to see the return of the Gen III HEMI V8 to both Dodge Chargers and Challengers as well as the previously announced continued availability in Dodge Durangos and RAM trucks. This may be a bit misleading since the only new-production models availability shown on the official Dodge website (<https://www.dodge.com>) is Charger, Hornet and Durango. You can read the complete article at:

Bits 'n Pieces: Trivia & Toy Drive

Chrysler Trivia Question of the month submitted by Jim Froelich:

During the assembly process of all Mopars, a black, tar-like sealer is applied to all passenger compartment floor joints and trunk compartment area. During the 1970 model year, there was a corporate switch to the more expensive, hard-drying Plastisol white sealer in the trunk. Why?

Answer on Page 19

Grand Terrace Cars & Coffee Appreciation

On February 7th I met with Johan Gallo. Johan is the driving force behind the monthly Grand Terrace Cars & Coffee. I was there to present him and the cars & coffee an appreciation plaque for their toy contributions to the 2024 toy drive for the soldier's kids at Fort Irwin. If you have nothing to do the third Saturday morning of the month, they will be at 22470 Barton Road, corner of Mt. Vernon.

Another interesting item found on the web is a YouTube video about how Formula 1 pistons are made. The video says Formula 1 pistons cost about **\$60,000 each** and are good for only one race before needing replacement. Check out the very interesting video that details the design and manufacturing process at: <https://www.youtube.com/watch?v=IY9GDDtEfKQ>

More interesting online news reports that CrossHarbor Capital, a Boston-based investment firm that specializes in commercial real estate, is in the closing stages of purchasing Willow Springs International Raceway, all 600 acres and all seven tracks on the property, the cinderblock office and garage buildings, maintenance equipment, and even the snack bar famous for serving hot dogs and fried fish sandwiches. A statement from the firm reads, "While CrossHarbor Capital cannot provide details on acquisitions before they are complete, we can confirm that a deal is pending and the team is excited to preserve the legacy and enthusiast access to one of America's most iconic racing facilities while also setting up the property for growth and success in the future. More details will be released soon." It's too soon to speculate about the firm's intentions for the beloved race track, which opened in 1953, though the carefully worded statement gives us hope that its legacy and "enthusiasts' access" to the facility will remain a top priority. The iconic track continues to transport its many fans to a time when American road racing was producing legendary drivers who took on Europe's finest; a time when names like "Ken Miles" were permanent fixtures at Willow. Just my opinion, but Willow Springs should be a protected historic landmark.

We continue to have a need for one or more individuals to maintain our club social media platforms on both Facebook and Instagram. We should also develop a presence on X (formerly Twitter). Please let me know if you may be interested in any of these opportunities.

Please remember the next club meeting is scheduled for Sunday, March 2, in the banquet room at Cactus Cantina restaurant in Riverside. Usual times: 9:00am for those wanting breakfast, with the meeting getting started as close to 10:00am as possible. We will have club member reviews of our February club activity visit to Terry Ulmer and his Mopar Ranch in Alpine. **|**

As always, thank you to everyone for all you do to make Inland Mopars Car Club the very best it can be - the club's reputation is a direct reflection of the membership **//**

From nhra.com...

Bill Shrewsberry, who for decades entertained and thrilled fans with his L.A. Dart and Knotts Berry Wagon wheel standers, passed away Feb. 19, following a long period of failing health. He was 86.

Look for a feature on "Wild Bill" on the nhra.com website.

Prior Club Business/Monthly Activities (cont)

- Feb. 8 - Norma went to the Dr. George show in Indian Wells. Had 1050 vehicles registered. A white 1964 Corvette was best of show.
- "Wreaths Across America"
 - Announced at January club meeting a special WREATH MATCH opportunity for 2025:
 - Until January 17, each wreath sponsored through a registered WAA Sponsorship Group will be matched by Wreaths Across America (WAA) Headquarters.
 - If we sponsor the 11 wreaths for our club family members now, we can get an additional 11 wreaths for other random gravesites at no additional cost - potentially doubling the coverage for 2025.
 - Cost would be \$187 (\$17/wreath) now in January rather than December. In January a motion was made by BJ Hayden to buy the additional wreaths. Bill Heckman seconded. Passed by those in attendance.
 - Order was placed online but Ken never received a confirmation or receipt. He contacted our local WAA coordinator by email when he had not received confirmation of our order and was told the order was never processed. He asked what could be done but never received a reply to email request. Reimbursement check no. 1189 in the amount of \$187 returned to Sam Frisby.
 - 2025 "Wreaths Across America" event date is Saturday, December 13.

- Future event suggestions (from the newsletter):

There being no further business to discuss, the meeting was adjourned at 11:27 am.

Respectfully submitted, Gene Endo

A lot of you are familiar with Mark Barnett. He is the DJ at the Legends Burgers Cruises in Rancho Cucamonga. There used to be one at the Legends in Montclair (went out of business), one at the Farmer Boys in Rancho Cucamonga (Covid killed that one), and at the Legends in Upland (property manager killed that one). Not sure which others. Anyway, Mark's side gig is he is a Roy Orbison tribute artist. He looks like Roy and sounds like Roy. Mark has been doing concerts as Roy since 1991.

Next one I was aware of will be March 5 in Lake Havasu City. Don't remember where I saw the notice but you can contact Blue Diamond Entertainment at (909) 841-0717 for more info.

When not doing his solo Roy and Legends DJ, he might be busy doing Roy as part of The Wilbury Travelers Super Group. Not just Roy Orbison, but Tom Petty, George Harrison, Bob Dylan, & Jeff Lynne. All took the stage together LIVE, to perform a concert full of their greatest hits! That would make rock and roll history, right? Well, it almost happened in the 1980's when these 5 legends of rock joined forces to form the Super Band The Traveling Wilburys. Sadly, Roy Orbison passed away before this amazing band got to tour live.

But on January 4, 2025 The Wilburys Super Group Tribute Band came to the Historic Hemet Theatre and brought a tribute to these 5 icons that let you experience that dream live concert with stunning authenticity! How do I know that you ask? Gayle & I were there. And yes, they sounded like the real deal. They looked like the real deal. They had a lot of the audience up and dancing. Some were taking photos (guess how I got these). Great concert. There was an intermission so the performers could recharge. Plus, they had a raffle/opportunity drawing to raise funds for the theatre. If you get a chance, check out Mark as Roy and the Wilbury Travelers.

As Ken mentioned on page 1, congratulations to the owners of the three club vehicles that were in our annual club display: Hollis and Bobbi Colleasure's 1968 Plymouth Barracuda (2nd Place trophy winner out of five cars entered in Class 205 Hardtop/Sedan 1965-69), Pat and Veronika Melendy's 1969 Plymouth Roadrunner (also contended in Class 205 Hardtop/Sedan 1965-69), and Chris and Shelby Kanyr's 1972 Plymouth Satellite (2nd Place trophy winner out of three cars entered in Class 622 Altered Restored). Unfortunately, Pat & Veronika were not able to be there at the end of the show so their daughter Kelly picked up the plaque and got to drive the car out of the building.

The flyer racks had 22 different event flyers and by the end of the show half the holders were empty. I heard good comments from several people that the car display this year was great. Thanks for giving your time to do this in support of the club.

Sherm Taylor Scholarship Endowment

Some of you will remember Sherm Taylor as the big guy at the Chaffey College Car Show. He was an automotive instructor and ended up wearing many different hats at Chaffey. Last year he was diagnosed with pancreatic cancer and had started treatment. He passed away in March. Sherm had a 440 engine he was selling before his passing. It has been sold to Lonnie Clabaugh for use in the new 1968 Dodge Charger project. Sherm's sister decided to leave it to Chaffey College after his passing so Chaffey will be using the funds raised towards the scholarship endowment under his name. If you haven't heard about the endowment in his name yet, you can make a donation either on-line or checks can be made out to the Chaffey College Foundation & mailed to the address below:

Chrysler Trivia Question Answer from Page 2:

Chrysler Trivia Question of the month submitted by Jim Froelich:

During the assembly process of all Mopars, a black, tar-like sealer is applied to all passenger compartment floor joints and trunk compartment area. During the 1970 model year, there was a corporate switch to the more expensive, hard-drying Plastisol white sealer in the trunk. Why?

Answer: The wife of Chrysler President Lynn Townsend found that her nice luggage was marred by the black sealer in the trunk. President Townsend immediately ordered engineers to switch to the Plastisol white sealer in the trunk.

From the booklet: Lynch Road Assembly Plant Tour By David Patik, Galen Govier, Nigel Mills, Jim Radke
